

## FY2012 School Redesign Grant Contact Form

<b>District:</b>	<i>Worcester Public Schools</i>
------------------	---------------------------------

The Department intends to announce awards of these grants by March 1, 2011. Given the tight review timeline, districts must ensure that at least one knowledgeable contact person in the district's central office and for each school for which grant funding is sought is available between January 28, 2011 and March 1, 2011 to answer questions. If possible, list additional contact persons who can answer questions. Please list the name and contact information for the appropriate persons below.
