

Mission Statement:

South High Community School is passionate about inspiring students to new heights of personal and intellectual development. Our diverse population embraces a culture of mutual respect and is encouraged to explore unique pathways to academic, social, and personal success through close collaboration with teachers, students, parents and the community.

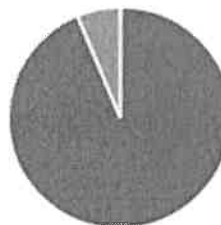

Focus Statement

Students employ intellectual curiosity in order to analyze and synthesize information and effectively communicate the outcome.

1. Do you approve the following revised mission statement? South High Community School is passionate about inspiring students to new heights of personal and intellectual development. We achieve this through close collaboration between parents, staff, and the community. We promote a culture of mutual respect where our diverse population is embraced and encouraged to explore unique pathways to academic, social, and personal success to become productive members of the global community.
