

Testimonials and Photographs 2016 Coats for Kids Program

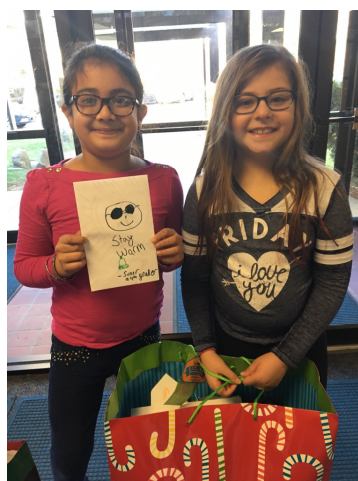

The thing I found most impressive was the impact created by Coats for Kids. The amount of kids in need and those needs being met is a crazy amount, but knowing how positively this will impact not only their winters, but also lives, is unbelievable. Knowing this work is really going to help kids in Worcester has been what stands out most to me, and made all of the work worth while.

I just want to take a minute to thank you again for the sweatshirts you provided the students at the Challenge and Reach Academy. You can't imagine how happy the students were to get these. They wear the WPS sweatshirts with great pride. Thank You on behalf of all of our students.
