

AGENDA
 Aesthetic Education Immersion
 5-Day Lab

Learning Lab Guiding Question: How can engagements with live works of art, through LCE’s aesthetic education approach, offer new possibilities for imaginative teaching and learning across content areas?

Lab Objectives

Participants will:

- Gain understanding of LCE’s aesthetic education approach to imaginative teaching and learning
- Experience the value and joy of individual creative choice making and collaborative learning
- Explore LCE’s philosophy and teaching practices emphasizing an inquiry based approach
- Learn teaching concepts and strategies: art making, questioning, reflection, and contextual information and research to engage with works of art
- Explore the Capacities for Imaginative Thinking in connection to other learning outcomes
- Discover LCE’s planning process, design an aesthetic education lesson, and make connections to broader educational goals
