

GRANTS REPORT

2015-2016

Fund	Grant	Purpose/Priorities	Amount
Target	Target-City View	<p>Enrichment opportunities have exposed students to reader's theatre, cooking, crafts, sewing, creating a business, yoga, fitness, and social justice to name a few. Extended Learning Time (ELT) has afforded our students exposures to activities that enhance their lives but also tap into their talents and further explore their creativity with a heavy emphasis on student discourse both orally and in writing. Funding from this opportunity will allow us to purchase much needed supplies for enrichment activities that occur during our ELT at City View Discovery School. ELT offers enrichment opportunities that engage students in a rigorous and authentic learning environment. Many opportunities have a direct connection to real world learning with imbedded community support. During the enrichment block, students have had exposure to a variety of opportunities that enhance their learning both academically and social awareness. Students are given opportunities to choose their enrichment opportunity as well as provide feedback and reflect on the impact it has on their learning.</p>	\$1,000
