

NONDISCRIMINATION

Public schools have the responsibility to overcome, insofar as possible, any barriers that prevent children from achieving their potential. The public school system will do its part. This commitment to the community is affirmed by the following statements that the School Committee intends to:

1. Promote the rights and responsibilities of all individuals as set forth in the State and Federal Constitutions, pertinent legislation, and applicable judicial interpretations.
2. Encourage positive experiences in human values for children, youth and adults, all of whom have differing personal and family characteristics and who come from various socioeconomic, racial and ethnic groups.
3. Work toward a more integrated society and to enlist the support of individuals as well as groups and agencies, both private and governmental, in such an effort.
4. Use all appropriate communication and action techniques to air and reduce the grievances of individuals and groups.
5. Carefully consider, in all the decisions made within the school system, the potential benefits or adverse consequences that those decisions might have on the human relations aspects of all segments of society.
6. Initiate a process of reviewing policies and practices of the school system in order to achieve to the greatest extent possible the objectives of this statement.

The Committee's policy of nondiscrimination will extend to students, staff, the general public, and individuals with whom it does business. No person shall be excluded from or discriminated against in admission to a public school of any town or in obtaining the advantages, privileges, and courses of study of such public school on account of race, color, sex, gender identity, religion, national origin, sexual orientation or disability. If someone has a complaint or feels that they have been discriminated against because of their race, color, sex, gender identity, religion, national origin, sexual orientation or disability, **pregnancy and pregnancy related condition**, their complaint should be registered with the Title IX compliance officer.

Complaints of Discrimination/Harassment should be directed to the following:

EQUAL EMPLOYMENT OPPORTUNITY

The School Committee subscribes to the fullest extent to the principle of the dignity of all people and of their labors and will take action to ensure that any individual within the District who is responsible for hiring and/or personnel supervision understands that applicants are employed, assigned, and promoted without regard to their race, creed, color, age, sex, gender identity, national origin, disability or sexual orientation, **pregnancy or pregnancy related condition**. Every available opportunity will be taken in order to assure that each applicant for a position is selected on the basis of qualifications, merit and ability.

If you believe the adverse employment action happened to you because of your race, color, religion, national origin, ancestry, sex, gender identity, age, criminal record (inquiries only), disability, **pregnancy or pregnancy related condition**, sexual orientation, genetics, active military personnel, or past involvement in a discrimination complaint, it could be discrimination.

Through its employment policies, the District will strive to attract, secure, and hold the highest qualified personnel for all professional positions. The selection process will be based upon awareness to candidates who will devote themselves to the education and welfare of the children attending the schools.

It is the responsibility of the Superintendent, and of persons to whom he or she delegates this responsibility, to determine the personnel needs of the school system and to locate suitable candidates. No position may be created without the approval of the School Committee. The district's goal is to employ and retain personnel who are motivated, will strive always to do their best, and are committed to providing the best educational environment for the children.

It will be the duty of the Superintendent to see that persons considered for employment in the schools meet all certification requirements and the requirements of the School Committee for the type of position for which the nomination is made.

The following guidelines will be used in the selection of personnel:

1. There will be no discrimination in the hiring process due to race, color, religion, national origin, sex, gender identity, sexual orientation, age, genetic information, ancestry, military status, or disability, **pregnancy or pregnancy related condition**.
2. The quality of instruction is enhanced by a staff with a wide variation in background, educational preparation, and previous experience.
3. The administrator responsible for the hiring of a staff member (in the case of District-wide positions, for the position of Principals, it is the Superintendent; for building-based personnel, it is the Principal) is directed to establish a representative screening committee. The administrator has the final say in determining who will be hired but it is recommended that the screening committee's input will be a factor in the decision. For those positions where the hiring authority rests with the School Committee a representative screening committee may be established by the School Committee or the School Committee may direct the Superintendent to establish a screening committee to assist the Superintendent in making his/her recommendation to the School Committee.

EQUAL EDUCATIONAL OPPORTUNITIES

In recognition of the diversified characteristics and needs of our students and with the keen desire to be responsive to them, the School Committee will make every effort to protect the dignity of the students as individuals. It also will offer careful consideration and sympathetic understanding of their personal feelings, particularly with reference to their race, color, sex, gender identity, religion, national origin, sexual orientation, homelessness, or physical and intellectual differences, **pregnancy or pregnancy related condition.**

To accomplish this, the Committee and its staff will make every effort to comply with the letter and the spirit of the Massachusetts equal educational opportunities law which prohibits discrimination in public school admissions and programs. The law reads as follows:

No child shall be excluded from or discriminated against in admission to a public school of any town, or in obtaining the advantages, privileges and course of study of such public school on account of race, color, sex, gender identity, religion, national origin, sexual orientation, or homelessness, **pregnancy or pregnancy related condition.**

This will mean that every student will be given equal opportunity in school admission, admissions to courses, course content, guidance, and extracurricular and athletic activities.

All implementing provisions issued by the Board of Elementary and Secondary Education in compliance with this law will be followed.

SCHOOL CHOICE

It is the policy of this School District to admit non-resident students under the terms and conditions of the Interdistrict School Choice Law and under the following local conditions:

1. Every school year, the administration will determine the number of spaces in each school available to choice students.
2. That by June 1 of every school year, if consideration is being given to withdraw from the provisions of the choice law, a public meeting will be held to review this decision.
3. That resident students be given priority placement in any classes or programs within the District.
4. That the selection of nonresident students for admission when the number of requests exceeds the number of available spaces be in the form of a random drawing. There will be two drawings for this purpose. The first will take place during the last week of the current school year but no later than July 1st. The second will be conducted during the week immediately preceding the opening of the next school year and will be based on the possibility of unexpected additional openings.
5. Any student who is accepted for admission under the provisions of this policy is entitled to remain in the District until graduation from high school except if there is a lack of funding of the program.
6. The School Committee affirms its position that it shall not discriminate in the admission of any child on the basis of race, color, religion, national origin, sex, gender identity, age, homelessness, sexual orientation, ancestry, athletic performance, physical disability, special need, academic performance or proficiency, **pregnancy or pregnancy related condition**, in the English language.
