Verification of:
1. Birth Certificate or Passport
2. Legal Guardianship or a responsible adult party in the household who can serve as an emergency contact.
3. Worcester residence (utility bill, lease, mortgage statement, etc.) or completed STUDENT ADDRESS VERIFICATION FORM

Preschool—Grade 6
All students (preschool through grade 6) registering for, or transferring into or within the Worcester Public Schools, must do so at the Dr. James L. Garvey Parent Information Center.

The Dr. James L. Garvey Parent Information Center staff will:
- Provide information to parents/guardians regarding the student assignment policy
- Assist parents/guardians in selecting an educational environment most appropriate for their child's needs
- Assist parents/guardians in the initial stages of registration required by schools, i.e., documentation of birth and immunization, completion of Home Language Survey Forms, Medicaid eligibility, etc.
- Answer questions regarding school policies

Grades 7 – 12
Students new to our city in grades 7-8 register at the Dr. James L. Garvey Parent Information Center. New students in grades 9-12 have the option to register at their respective high school. Potential English learners must complete registration at the Dr. James L. Garvey Parent Information Center.

Students in grades 7-12 who are transferring within the Worcester Public Schools will do so at the appropriate middle or high school based on their new address.
Home Language

State and federal regulations require that all schools determine the language(s) spoken in each student's home in order to identify their specific language needs. If a language other than English is spoken in the home, the district is required to do further assessment to determine whether the student is an English Language Learner and to place the student in the appropriate instructional program to support content area and language learning.

Opt-Out Policy for EL Students

The Worcester Public Schools is committed to comply in good faith with all federal, state and local laws, rules and guidelines in the area of education for English Language Learners. Federal civil rights laws, namely, Title VI of the Civil Rights Act of 1964 (Title VI) and the Equal Educational Opportunities Act of 1974 (EEOA), require schools to take appropriate steps to address the language barriers that prevent ELs from meaningfully participating in their education. Massachusetts General Laws Chapter 71A and supporting regulations provide the state framework for the education of English learners in Massachusetts.

Parent/Guardians of ELs may notify the district of their choice to have their child “opt out” of English learner education programs. The decision to opt out must be made by the parents/guardians (or students over 18 years of age) and must be voluntary and informed.

In opt-out cases, the district must inform the parents/guardians of the services the child would receive in the district’s English learner education programs, as well as the type of support that would be provided to the student if the parents/guardians decide to “opt out” of English learner services.

A parent/guardian’s choice to opt out means their child will not receive separate English as a Second Language (ESL) instruction focused on language development, but the district will provide the necessary support and actively monitor the student’s progress to ensure that the student’s English language and academic needs resulting from lack of English proficiency are met.

In order to comply with the laws, the following procedures shall be followed in every school building:

1. Parents/guardians who contact the school to request that their child opt out of ESL services will be invited to attend a meeting at school to include a school administrator and an ESL teacher. If the parents/guardians have identified in the Home Language Survey that they prefer an interpreter at meetings, the district shall provide an interpreter at the meeting.
2. No school personnel shall influence or encourage parents/guardians to request that their child opt out of ESL services.
3. At the meeting, the district shall inform the parents/guardians of the services the child would receive in the district’s English learner education programs, as well as the type of support that would be provided to the students if the parents/guardians decide to opt out.
4. If the parents/guardians are unable or unwilling to attend a meeting in person at the school, the school can offer an alternative means of meeting – by telephone or otherwise.
5. The school shall provide the parents/guardians with the Opt-Out Form in the parent’s/guardian’s native language if the parents/guardians have indicated in the Home Language Survey that they seek written information in their native language.

6. The school shall retain a copy of the Opt-Out Form in the student’s cumulative file.

7. If parent/guardians decide to opt-out of an English language learner program, the school should place the student in an English language mainstream classroom with an SEI-endorsed teacher. The school may also provide support from a reading specialist or other specialist as appropriate in order to ensure that the student has access to the curriculum and is provided the same opportunities to master the same academic standards and curriculum framework as their native English-speaking peers.

8. The student will continue to be classified as an “EL” on district reports, and will continue to be assessed annually in his/her language proficiency with the state-mandated English language proficiency test, ACCESS for ELLs 2.0. The parents/guardians will be notified of their child’s participation in such assessments, as well as assessment results.

Students lacking proper documentation of required immunizations shall be excluded until proof of such immunization is provided (102 CMR 7.07 and 105 CMR 220.00). If a child cannot be immunized due to medical reasons, (requires physician documentation yearly) or if a parent refuses to have a child immunized
because of religious beliefs (requires a parent-signed letter yearly), the non-immunized student will be excluded from school during outbreaks of diseases for which the student is not immunized (MGL c. 111, § 3, 6, 7, 109, 110, 112 and 105 CMR 300.00).

- **Lead Screening** documentation is required of all students prior to entering Pre-K and/or kindergarten (105 CMR 460).

- **Physicals Examination** documentation is required from students entering grades K, 4, 7 and 9, and yearly for all student athletes.

An immunization clinic is available for students at the Dr. James L. Garvey Parent Information Center (PIC). All state-required immunizations are provided by an RN at no cost. Please refer to the WPS website for hours of operation or call the Parent Information Center at 508-799-3194.

**Registration Policy**

**Elementary (K-6)**

Students in the Worcester Public Schools shall attend schools based upon neighborhood district lines. They are also eligible to attend the five citywide magnet schools based on conditions of space availability and the magnet school being in compliance with the Worcester Public Schools’ Deisolation Plan. The five citywide magnet schools are: (1) Chandler Magnet School, (2) City View Discovery School, (3) Jacob Hiatt Magnet School (4) Norrback Avenue School and (5) Worcester Arts Magnet School. Elementary students residing in the North quadrant are eligible to attend the North quadrant magnet school, Roosevelt School, based on space availability. Under the Voluntary Controlled Transfer Policy, transfers are permitted to any school within that school’s quadrant provided the transfer has a positive effect on the minority percentage of the school and space is available.

**Secondary (Grades 7-12)**

Depending on the school district in which the student resides, he/she can attend his/her local high school. This is based on the quadrant of residence of the student at the time of enrollment, unless special permission has been requested by the parent/guardian and approved by the District Administration to attend a different school. Attendance at Worcester Technical High School is based upon an application and selection process approved by the State Department of Education.

**Voluntary Controlled Transfer Policy**

**I. Conditions for Out-of-District Transfers**

It is the policy of the Worcester Public Schools that students shall attend schools based upon neighborhood district lines. Exceptions to this policy are allowed under the “Voluntary Controlled Transfer Policy” which permits trans-
fers to other elementary, middle and high schools or to citywide magnet schools under the following conditions:

1. There must be space available in the receiving school.

2. Elementary, middle and high schools having a minority percentage greater than the citywide average on October 1 of each year will adhere to the following restrictions:
   a. Minority students will not be allowed to transfer into a school which has a minority percentage greater than the citywide average on October 1 of each year.
   b. Majority students will not be allowed to transfer out of a school except in the case where the sending school is in compliance and the receiving school is out of compliance as a result of having a minority percentage greater than 15 percentage points above the citywide minority percentage.
   c. All students, both minority and majority, shall be eligible to attend citywide magnet schools and secondary magnet schools. In order to exercise this eligibility, the magnet school must be in compliance.

3. Elementary, middle and high schools having a minority percentage less than the citywide average on October 1 of each year will adhere to the following restrictions:
   a. Majority students will not be allowed to transfer into a school which has a minority percentage less than the citywide average on October 1 of each year.
   b. Minority students will not be allowed to transfer out of a school except in the case where the sending school is in compliance and the receiving school is out of compliance as a result of having a minority percentage less than 15 percentage points below the citywide minority percentage.
   c. All students, both minority and majority, shall be eligible to attend citywide magnet schools and secondary magnet schools. In order to exercise this eligibility, the magnet school must be in compliance.

4. Voluntary transfer requests will be considered for properly documented medical disabilities and other unique circumstances.

5. Spanish Bilingual, Structured English and Special Education Programs are offered in certain schools. Any student requiring these services will be enrolled in the school that will meet his/her assessed needs.

6. When a student changes residence and would enter grade 6, 8 or 12, he/she may finish the year in that school provided that he/she is a resident of Worcester and has received the out-of-district principal’s permission to remain in that school.

7. Students who enroll in an out of district magnet program or the Worcester Technical High School must complete the year in the out-of-district school.

A copy of the decision will be sent to the parent/guardian and the Office for Instruction and School Leadership. Proceedings of the Hardship Appeals Board will be recorded and maintained by personnel in the Office for Instruction and School Leadership.

Policy for Non-resident Foreign Students holding J-1 Visas

Admission:
- By the first week in January each Worcester Public School high school principal will determine how many spaces are available (no fewer than three) in his/her school to accommodate the admission of non-resident foreign students whose host family resides in their district (or who otherwise obtain special permission from the Managers for Instruction and School Leadership on a space available basis) for the following school year. No high school principal will enroll more than three non-resident foreign students until this determination is made and forwarded to the Managers for Instruction and School Leadership.

Criteria for Attendance:
- Foreign exchange students must provide certified proof of prior academic performance from the high school(s) in his/her native country.
• Transcripts from intermediary or sponsoring agencies will not be accepted as appropriate documentation for determining past academic performance unless they bear the seal of the school and/or are presented in a sealed envelope from the school.
• Acceptance to the Worcester Public Schools will be on a one (1) year basis with the sponsoring organization or guardian required to reapply annually for continued study.
• Once admitted, the foreign student will be subject to all rules, policies, regulations and procedures as they relate to all students in the system.
• The system will provide an academic record of the foreign student’s participation while a member of the system to the sponsoring organization or the parent/guardian, as required.
• Foreign students holding J-1 visas participating in this program are exempt from paying tuition.
• Award appropriate city (general) diplomas and/or school diplomas if students can demonstrate through appropriate documentation and verification that they have met the prerequisite requirements of the Worcester Public Schools.

School Choice

The Worcester Public Schools participates in the Massachusetts School Choice program. The School Choice program allows parents to send their children to schools in communities other than the city or town in which they reside. For the 2019-2020 school year, the School Committee has approved the following:

1. Student enrollment in the Inter-District School Choice program is based on availability and limited preference will be given to young siblings, if space is available.
2. Parent/guardian is responsible for transportation to the district school.
3. All Pre-K to Grade 12 schools participate in the program with the following exceptions:
   a. Chapter 74 approved programs in the comprehensive high schools
   b. Chapter 74 approved programs in the Worcester Technical High School
   c. Alternative Pathways Programs
   d. Students with Limited or Interrupted Formal Education (SLIFE) Pathway Programs
4. Students accepted into the Inter-District School Choice program may apply for schools on the same basis as resident students, but the Intra-District Choice Plan (Voluntary Transfer) may give preference to resident students in assigning students to schools.

To obtain information regarding the Inter-District School Choice program, please contact the Parent Information Center at 508-799-3194 or the Office for Instruction and School Leadership at 508-799-3499.
VOLUNTARY SCHOOL UNIFORM POLICY
The School Committee approved the following Voluntary Uniform Policy:
1. Voluntary uniform policies must comply with existing School Committee policies on student attire.
2. Prior to seeking School Committee approval, a majority of the school council members and the school principal must approve the school’s voluntary uniform policy. The principal forwards the request to the Clerk of the School Committee who places it on the agenda for School Committee approval which then allows the school to implement the policy.
3. There will be no disciplinary action if a student does not adhere to the voluntary uniform policy.

STUDENT DRESS CODE POLICY
Students’ clothing shall not disrupt or distract from the school’s educational process. While in school, students will wear clothing that meets the following standards:

- No hats, bandanas, scarves or headwear that cover full head unless for religious or medical reasons
- No bare backs/low cut shirts (must be able to tuck in shirt)
- No bare feet, or unsafe footwear
- No clothing that uses see-through material or displays words (in whatever language) / graphics that are obscene or vulgar, violent, sexist, racist and/or promote the use of illegal drugs/alcohol/tobacco.
- No gang-, violence- or cult-related apparel (refer to Rule 15, policy on gang and obscene clothing)
- No droopy pants or clothing that reveals undergarments; the length of shorts and skirts must measure to at least mid-thigh length
- No outerwear to be worn in school buildings. Example: jackets/parkas/windbreakers
- Students may wear hooded sweatshirts or shirts but may not wear the hoods up or covering their heads or faces in the building or on school property
- No ear buds or headphones may be worn or used except with permission of school personnel

The school principal, having discretion to render judgments regarding what is and what is not appropriate, may, if necessary, waive these policy restrictions in religious and/or medical situations. The principal will determine what consequences should follow when a student does not comply with this policy.

Worcester Technical High School Shop and Uniform Policy
Shop instructors, with the respective department heads, have a responsibility to provide a safe shop environment for all students. All trades require specific uniforms or clothing, and adherence to workplace standards of appearance beyond the requirements for school dress described in the Worcester Technical High School Handbook. Shop instructors with the respective trade department
heads identify the necessary dress as described in the Worcester Technical High School supplement. The Administration enforces these requirements.

POLICY REGARDING TELEVISED BROADCASTS

Many times Worcester Public Schools extra curricular activities and programs are broadcast on Charter Channel 191 WEA-TV and participants may be shown in these broadcasts. Re-broadcasts of all programs may be made throughout the school year at unannounced times.

PLEDGE OF ALLEGIANCE AND MOMENT OF SILENCE

It is the policy of the Worcester Public Schools that the Pledge of Allegiance be recited and a "Moment of Silence" be observed at all levels on a daily basis.

SAFETY AND BEHAVIOR

INTERNET SAFETY AND ACCEPTABLE USE POLICY

Purpose

The Worcester Public Schools recognize the value of computer and other electronic resources to improve student learning and enhance the administration and operation of its schools. Worcester Public Schools encourages the responsible use of computers; computer networks, including the internet; and other electronic resources in support of the mission and goals of our district.

It is the policy of the Worcester Public Schools to: (a) prevent user access over its computer network to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) prevent unauthorized access and other unlawful online activity; (c) prevent unauthorized online disclosure, use or dissemination of personal identification information of minors; and (d) comply with the Children’s Internet Protection Act [Pub. L. No. 106-554 and 47 USC 254(h)]. The Worcester Public School system certifies that its schools have adopted and are enforcing Internet safety policies as part of Protecting Children in the 21st Century Act. Children’s Internet Protection Act (CIPA) as amended in the Broadband Data Improvement Act [Pub. L. No. 110.385] to include educating minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber bullying awareness and response. The district has adopted curriculum to remain in compliance with the most recent FCC Report and order FCC 11-125.

Terms of Agreement

In order to use networked and Internet resources, all students and parents/guardians must sign and return the signature page as contained on the back cover of the Student Handbook, and those under age 18 must obtain parental permission.
Internet Safety

The Worcester Public Schools is in compliance with the Children’s Internet Protection Act (CIPA), the Family Educational Rights and Privacy Act (FERPA) and the Children’s Online Privacy Protection Act (COPPA). The Worcester Public Schools will comply with any additional state and federal regulations that pertain to technology use within the district and through use of the Worcester Public Schools District network infrastructure and servers that is forthcoming from the local, state and federal regulatory agencies.

A third party filtering system is in place that prevents accessing web pages that are 1) obscene, 2) pornographic, or 3) deemed harmful to minors. The district will monitor the online activities of users. The staff and students are advised never to access, keep or send anything that they would not want made public. While some pages are blocked by human intervention, other sites are blocked based on an algorithm that attempts to discern inappropriate sites. Best efforts are made to make the filtering as accurate as possible given the vast number of websites on the Internet. Subject to staff supervision, technology protection measures may be disabled or, in the case of minors, minimized only for bona fide research or other lawful purposes.

Inappropriate Network Usage

Staff and students should be aware that some material accessible via the Internet might contain items that are illegal, defamatory, inaccurate or potentially offensive. The Internet is to be used for constructive educational purposes only. Drives and files may be reviewed by network administrators occasionally to maintain system integrity.

To the extent practical, steps shall be taken to promote the safety and security of users of the Worcester Public Schools online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications.

Specifically, as required by the Children’s Internet Protection Act, prevention of inappropriate network usage includes: a) unauthorized access, including so-called “hacking,” and other unlawful activities; and b) unauthorized disclosure, use and dissemination of personal identification information regarding minors.

Unacceptable Uses

The activities listed below are not permitted. The list of activities described below is not meant to be comprehensive. The Worcester Public Schools reserves the right to make judgments both as to what constitutes inappropriate behavior and the consequences that apply.

- Sending or displaying offensive messages or pictures
- Using obscene language
- Giving personal information, such as full name, phone number, address or identifiable photo without permission from teacher and parent or guardian
- Harassing, insulting or attacking others (cyber-bullying)
- Damaging or modifying computers, computer systems or network resources, whether physically or through use of software means such as deletion, formatting, viruses, hacking, phishing, cracking
- Attempting to bypass web content filters through proxy sites or other
means
- Violating copyright laws
- Using others’ passwords
- Trespassing in others’ folders, work or files
- Intentionally wasting limited resources
- Installing any software, shareware or freeware without Principal approval and installation by on-site contact person
- Employing the network for commercial purposes, financial gain or fraud
- The network, wired and wireless, is for educational uses only. Any non WPS device on the Worcester Public Schools network shall be used for educational purposes only. Non educational use is prohibited.

Penalties
Violation of any terms set forth in this policy may result in the loss of Worcester Public Schools computer network privileges, disciplinary action and/or appropriate legal action.

Electronic Messaging Guidelines
The Worcester Public Schools contracts with a vendor to provide emergency and informational calls, texts and emails. The Telephone Consumer Protection Act of 1991 “TCPA” (and subsequent amendments) was created to prevent consumers from receiving “robo” marketing calls from telemarketers. By signing the parent handbook, you are providing prior express consent for the school district to contact you and your family via phone, email or text message for emergency and informational purposes. If you would like to opt-out of receiving informational messages, you can do so at www.worcesterschools.org/tcpa. Emergency messages will continue to be sent to the contact numbers provided, as authorized under TCPA.

Note: Worcester Public Schools’ teaching staff is not contractually obligated to check email or other electronic messaging systems. Please contact your child’s teacher personally to confirm whether they utilize these systems. When using email, please follow these important guidelines: Email is not confidential. Teachers will not respond via email to discuss contentious, emotional, or highly confidential issues. These issues are to be handled by phone or personal contact. Emails should be used for general information that is non-vital. For example, do not use email to inform a teacher that your child is not to go home on the bus. A teacher may not read the message in time. A phone call should be made to make sure your message is clearly received.

Adoption
The School Committee of the Worcester Public Schools adopted this Internet Safety and Acceptable Use Policy at a public meeting following normal public notice on May 21, 2009. This amended policy was adopted by the School Committee of the Worcester Public Schools on June 5, 2014.

Children’s Online Privacy Protection Act (COPPA)
The Worcester Public Schools utilizes a number of computer software applications and web-based services to supplement educational services provided by school-
based staff. While these tools are reviewed to ensure that they provide students with effective tools for learning, the applications and services are not operated by the district but by 3rd parties. In order for students to use these programs and services, certain personal identifying information – typically the student’s name and e-mail address – must be provided to the website/application operator.

Under the federal Children’s Online Privacy Protection Act (COPPA), the websites/application operators must provide parent/guardian notification and obtain consent before collecting personal information from children under the age of 13. The law permits school districts to consent to the collection of personal information on behalf of its students thus eliminating the need for individual parent/guardian to consent directly to individual website/application providers.

A list of the sites used in our classrooms with links to privacy policies and terms of service can be found on the district’s website: http://www.worcesterschools.org/about/departments-offices/office-of-school-and-student-performance/coppa/

If a parent/guardian wishes for their child to be removed from specific 3rd party services, an opt-out form can be obtained at the above website. Completed forms should be returned to the school principal.

**Science Laboratory Safety**

Science is taught using an inquiry based approach in the Worcester Public Schools. This can be done safely only with the cooperation of students to the teacher’s directions and procedures. It is the responsibility of students to conduct themselves in an appropriate manner in the lab setting. Students are expected to:

1. Sign a safety contract which emphasizes their responsibilities in the science lab
2. Have parents/guardians co-sign the contract to alert them to these responsibilities
3. Be aware of measures to be taken should an accident occur
4. Know classroom evacuation procedures in case of an emergency
5. Use protective equipment (gloves, aprons, goggles, etc.) provided as instructed
6. Food or beverages are not permitted in the laboratory

**SECURITY MEASURES**

**Crisis Prevention and De-escalation (Physical Restraint)**

The Board of Education adopted new regulations on the use of physical restraint in public education programs. The regulations (603 CMR 46.00) are meant to promote safety for all students. Physical restraint shall be considered an emergency procedure of last resort and shall be used only when a student’s behavior poses a threat of assault, or imminent, serious, physical harm to self or others and the student is not responsive to verbal directives or other lawful and less intrusive behavior interventions, or such interventions are deemed to be inappropriate under the circumstances. Mechanical restraints, medication restraints and seclusion are prohibited in all public education programs.
Security Cameras in Schools

The School Committee works to maintain a safe and secure environment for its students, staff, visitors, and facilities. Security means more than having locks and making certain that doors are locked at the proper times. Security also means minimizing fire hazards, reducing the possibility of faulty equipment, keeping records and valuables in a safe place, protection against vandalism and burglary, the prosecution of vandals, and developing crisis plans.

School facilities and their contents, constitute one of the greatest investments of the community. The School Committee believes it to be in the best interest of students and taxpayers for the district to exert every reasonable means to protect the investment adequately.

In pursuit of this objective, the School Committee authorizes the use of security cameras in school district buildings and on its property to ensure the health, welfare and safety of all students, staff and visitors, to deter theft, vandalism and other negative behavior, to safeguard district buildings, grounds and equipment, and to monitor unauthorized individuals in or on school property. Security cameras may be used in locations as deemed appropriate by the Superintendent of Schools in consultation with school officials as well as local law enforcement and emergency response agencies. They may be used in any area, inside or outside of school buildings where there is no reasonable expectation of privacy.

The district shall notify students and staff through student and employee handbooks and appropriate signage that security cameras have been installed and may be used at any time. Students or staff identified on security cameras in violation of School Committee policies will be subject to disciplinary action.

The Superintendent shall ensure that proper procedures are in place and are followed regarding use, viewing, disclosure, retention, disposal and security of video recordings or photographs from security cameras in accordance with applicable laws and regulations. A video recording used for security purposes in school district buildings and/or on school property shall be the sole property of the school district. All video recordings will be stored in their original format and secured to avoid tampering and to ensure confidentiality in accordance with applicable laws and regulations. Access to video recordings from security cameras shall be limited to school administrators (Superintendent/designee, School Principal/designee). Law enforcement and emergency response officials shall be granted access to video recordings or the security system after giving prior notice to the School Superintendent/designee.

The Superintendent may, from time to time, issue further guidance that is consistent with current laws and this policy.

Emergency Plans

Advance planning for emergencies and disasters is essential to provide for the safety of students and staff; it also strengthens the morale of all concerned to know that plans exist and that students/staff have been trained in carrying out the plans.

The Superintendent shall review annually the safety plan with local police and fire officials. Building principals will meet all requirements for conducting fire drills
and Emergency Response drills to give students practice in moving with orderly
dispatch to designated areas under emergency conditions, and the staff practice in
carrying out their assigned responsibilities for building evacuation.

**Student Lockers**

All lockers available to students are the property of the Worcester Public Schools.
Use of lockers by students is regulated by the school administration and all lockers
are subject to inspection by the school administration when deemed appropriate.

Any student assigned a locker must use a school issued lock. The administration
will remove all non-school issued locks. If a locker is not used/assigned, the admin-
istration will secure it with a lock.

Students must store all book bags, gym bags and outerwear (coats and jackets)
in their lockers during the school day.

For security reasons, students will not be permitted to wear outerwear (coats
and jackets) during the school day. Students will be permitted to carry backpacks
made of a mesh or transparent material at the secondary level.

Any weapon, drugs or other prohibited items or substances found in a locker in
violation of school policy may be considered to be the property of the student as-
signed to the locker for purposes of disciplinary action under this code.

**Access to Students During School Hours**

The Legal Office of the Department of Elementary and Secondary Education has
supported the present policy of the Worcester Public Schools regarding permitting
persons to meet with students during school hours without parental permission.

The following persons may be granted access to students during school hours:

1. The custodial parent (the parent with physical custody more than 50% of
   the time) or guardian or personnel or agency legally authorized to act on
   behalf of the child in place of or in conjunction with the father, mother, or
   guardian. According to Massachusetts General Laws Chapter 71, §34H, the
   non-custodial parent must submit a written request to the school principal
   for such access. For further information, contact your child’s principal.
2. A student, age 14, or upon entering grade 9, may consent to meet with an
   individual.
3. Certain individuals, including school personnel, police, and employees of
   certain state agencies may be granted access to students in the perfor-
   mance of their official duties. This information can be viewed at
   [https://worcesterschools.org/wp-content/uploads/handbook/Access%
   20to%20Students%20During%20School%20Hours.pdf](https://worcesterschools.org/wp-content/uploads/handbook/Access%20to%20Students%20During%20School%20Hours.pdf)

   If any court ordered restrictions exist regarding access to your child, it is imper-
   native that you provide the WPS a copy of the order so that we can comply with
   the order of the court.

**Dismissal of Students**

1. Students may only be dismissed to persons specified by parents and/or guardi-
   ans in writing. Principals may remind families to update student emergency
   contact information to include a robust network of persons who may be called
   in case of an emergency.
2. Parents may be provided with a Caregiver Affidavit to designate someone to make educational and/or medical decisions for a child if the child is temporarily living with someone who is not the parent/guardian.

Handling of Students Whose Parents Have Been Detained or Taken Into Custody
If a school receives notification that parent/guardian of a student has been detained or taken into custody by immigration law enforcement officials or agents, the school will take the following steps:

1. Contact the person(s) listed on the student’s emergency card to inform the person(s) of the situation and ask if they can retrieve the student;
2. Make arrangements for school counselors to be available to support the student;
3. Contact DCF if there is no responsible adult authorized by parents to receive the student.
4. Consult with the district’s homeless liaison if the student becomes homeless as a result of their parent/guardian’s detention.

Visitors in the Schools
All Worcester Public Schools are posted with signs requiring that all visitors must report to the Office of the Principal. This ensures that the school administration knows who is visiting in the building, the reason for the visit, and if the timing of the visit is appropriate.

The following sign-in procedures will be adhered to upon entering a school building:
- Enter through the front door (some schools have Intercom Systems that will allow you to enter after ringing a bell and identifying yourself)
- Go immediately to the front office
- Please sign in at the register
- Affix a Visitor’s Tag on a visible area of your attire
- Wait for further instructions from the school clerk or administrator on how to proceed to the respective visiting area or classroom

Any other entry into a school building by visitors will be considered trespassing. Intruders into the building are immediately asked to leave, and if they refuse to do so, local law enforcement officials are contacted for assistance. Trespassing laws will be enforced in accordance with this policy.

Use of Motor Vehicles
Students are extended the privilege of bringing automobiles to school as long as they respect the safety of others and obey these basic rules:
1. Automobiles must be parked in the assigned student parking areas.
2. Students who leave the campus in motor vehicles during the school hours without following established dismissal procedures will be suspended.
3. Idling of a motor vehicle engine in excess of 5 minutes is prohibited on school property. Violators will be fined.
4. Students must drive slowly and carefully on or near school grounds, always remembering that pedestrians have the right of way.
5. Cars may not be visited during the school day except with principal’s approval.
6. Parking privileges will be revoked or suspended for the following reasons:
   a. Speed in excess of 15 m.p.h.
   b. Any act endangering life or property while on school grounds.
   c. Parking in areas other than student parking areas.
   d. Parking privileges will not be available without an appropriate school registration and parking permit.

LEGAL POLICIES

Due Process

The Code of Conduct of the Worcester Public Schools is administered within the framework of the United States Constitution and federal and state laws and regulations with regard to due process for students. The Code of Conduct is intended to be administered for disciplinary infractions that occur on school grounds or at school-sponsored events (on and off school grounds) OR for disciplinary infractions that occur off school grounds but substantially disrupt the educational environment or create a hostile environment at school.

The Worcester Public Schools adheres to the Student Discipline Laws and Regulations as set forth in MGL c. 71 §§37H, 37 H½ and 37 H ¾ and 603 CMR 53.00 et seq.

Section I

IN-SCHOOL SUSPENSION DUE PROCESS PROCEDURES:

A student may be removed from regular classroom activities, but not from the school premises, for up to ten (10) consecutive school days or up to ten (10) school days cumulatively for multiple infractions during the school year. Students who are placed in in-school suspension shall have the opportunity to earn credits, make up assignments, tests, papers, and other school work as needed to make academic progress during the in-school suspension.

A student who is unable to adhere consistently to acceptable classroom standards in a particular class may be removed from the class permanently and assigned to a different class at the discretion of the principal and/or his/her designee.

Notice of In-School Suspension:

The principal or his/her designee shall inform the student of the disciplinary offense charged and the basis for the charge, and provide the student with an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident. If the principal or his/her designee determines that the student committed the disciplinary offense, the principal or his/her designee shall inform the student of the length of the student’s in-school suspension, which shall not exceed ten (10) days, cumulatively or consecutively, in a school year.

On the same day as the in-school suspension decision, the principal or his/her designee shall make reasonable efforts to notify the parent/guardian orally of the disciplinary offense, the reasons for concluding that the student committed the infraction, and the length of the in-school suspension.

On the day of the suspension, the principal or his/her designee shall send written notice (by hand-delivery, certified mail, first class mail or email) to the student and parent/guardian including the reason and the length of the in-school suspension,
and inviting the parent/guardian to a meeting if the meeting has not already oc-
curred. The notice shall be in English and the primary language of the home if an-
other language is identified in the home language survey, or by other means, as
appropriate.

Parent/Guardian Meeting:
The principal or his/her designee shall also invite the parent/guardian to a
meeting to discuss the student’s academic performance and behavior, strategies for
student engagement, and possible responses to the behavior. Such meeting shall be
scheduled on the day of the suspension if possible, and if not, as soon thereafter as
possible. If the principal or his/her designee is unable to reach the parent/guardian
after making and documenting at least two (2) attempts to do so, such attempts
shall constitute reasonable efforts for purposes of orally informing the parent/guardian of the in-school suspension.

No Right to Appeal:
The decision of the principal or his/her designee is the final decision for in-school
suspensions not exceeding ten (10) days, consecutively or cumulatively during a
school year.

Section II
OUT-OF-SCHOOL SUSPENSION DUE PROCESS PROCEDURES FOR OFFENSES UNDER
MGL c. 71 §37H ¾:

Due Process Procedures for Out-of-School Suspensions:
There are two types of out-of-school suspensions, short-term suspensions and
long-term suspensions. The principal or his/her designee shall determine the extent
of the rights to be afforded the student at a disciplinary hearing based on the antici-
pated consequences for the disciplinary offense. If the consequence may be long-
term suspension from school, the principal or his/her designee shall afford the stu-
dent additional rights as described below, in addition to those rights afforded to
students who may face a short-term suspension from school. All students facing
out-of-school suspension shall have the right to oral and written notice, as de-
scribed below.

Notice for any Out-of-School Suspension:
Prior to suspending a student, the principal or his/her designee will provide the
student and the parent/guardian oral and written notice of the possible suspension,
an opportunity for the student to have a hearing and the opportunity for the
parent/guardian(s) to participate in the hearing. The notice will be in English and in
the primary language of the home if other than English as identified in the home
language survey, or by other means of communication where appropriate. The no-
tice will set forth in plain language:

a) the disciplinary offense;
b) the basis for the charge;
c) the potential consequences, including the potential length of the student’s
   suspension;
d) the opportunity for the student to have a hearing with the principal or his/
   her designee concerning the proposed suspension, including the opportuni-
ty to dispute the charges and to present the student’s explanation of the alleged incident, and for the parent/guardian to attend the hearing;
e) the date, time, and location of the hearing;
f) the right of the student and the student’s parent/guardian to interpreter services at the hearing if needed to participate;
g) if the student may be placed on long-term suspension following the hearing with the principal:
   1. the rights set forth in 603 CMR 53.08(3)(b); and
   2. the right to appeal the principal’s decision to the superintendent.

The principal or his/her designee shall make reasonable efforts to notify the parent/guardian orally of the opportunity to attend the hearing. Prior to conducting a hearing without the parent/guardian present, the principal or his/her designee will document reasonable efforts to include the parent/guardian. The principal or his/her designee is presumed to have made reasonable efforts if the principal or his/her designee has sent written notice and has documented at least two (2) attempts to contact the parent/guardian in the manner specified by the parent/guardian for emergency notification.

Written notice to the parent/guardian may be made by hand delivery, first-class mail, certified mail, email to an address provided by the parent/guardian for school communications, or any other method of delivery agreed to by the principal and parent/guardian.

Emergency Removal of Student:
Under certain emergency circumstances, it may not be practical for the principal or his/her designee to provide prior oral and written notice before removing a student from school. The principal or his/her designee may remove a student from school temporarily when a student is charged with a disciplinary offense and the continued presence of the student poses a danger to persons or property, or materially and substantially disrupts the order of the school, and, in the principal’s or his/her designee’s judgment, there is no alternative available to alleviate the danger or disruption. The principal or his/her designee will immediately notify the superintendent in writing of the removal and the reason for it, and describe the danger presented by the student. The temporary removal shall not exceed two (2) school days following the day of the emergency removal, during which time the principal shall:

a) Make immediate and reasonable efforts to orally notify the student and the student’s parent/guardian of the emergency removal, the reason for the need for emergency removal, the disciplinary offense, the basis for the charge, the potential consequences, including potential length of suspension, the opportunity for a hearing including the date/time/location of the hearing, the right to interpreter services, and other rights permitted for students who may be placed on long-term suspension as set forth in 603 CMR 53.08(3)(b);
b) Provide written notice to the student and parent/guardian, including the information described in 603 CMR 53.06(2);
c) Provide the student an opportunity for a hearing with the principal or his/her designee that complies with 603 CMR 53.08(2) or 53.08(3), as applicable, and the parent/guardian an opportunity to attend the hearing, before the expira-
tion of the two (2) school days, unless an extension of time for hearing is oth-

erwise agreed to by the principal, student, and parent/guardian.

d) Render a decision orally on the same day as the hearing, and in writing no

later than the following school day, which meets the requirements of 603

cMR 53.08(2)(c) and 53.08(2)(d) or 603 CMR 53.08(3)(c) and 53.08(3)(d), as

applicable.

A principal will not remove a student from school on an emergency basis for a

disciplinary offense until adequate provisions have been made for the student’s

safety and transportation.

SHORT-TERM SUSPENSION PROCEDURES UNDER MGL c. 71 §37H ¾:

A short-term suspension is the removal of a student from the school premises

and regular classroom activities for ten (10) consecutive school days or less. Any

student facing a potential short-term suspension is entitled to a hearing with the

principal or his/her designee with the following process:

Principal Hearing - Short-term Suspension:

a) The purpose of the hearing with the principal or his/her designee is to hear

and consider information regarding the alleged incident for which the student

may be suspended, provide the student an opportunity to dispute the charg-
es and explain the circumstances surrounding the alleged incident, determine

if the student committed the disciplinary offense, and, if so, the consequenc-
es for the infraction. At a minimum, the principal or his/her designee shall

discuss the disciplinary offense, the basis for the charge, and any other perti-
nent information. The student also shall have an opportunity to present infor-
mation, including mitigating facts that the principal or his/her designee

should consider in determining whether other remedies and consequences

may be appropriate as alternatives to suspension. The principal or his/her

designee shall provide the parent/guardian, if present, an opportunity to dis-
cuss the student’s conduct and offer information, including mitigating circum-
stances, that the principal should consider in determining consequences for

the student.

b) Based on the available information, including mitigating circumstances, the

principal or his/her designee shall determine whether the student committed
the disciplinary offense, and, if so, what remedy or consequence will be im-
posed.

c) The principal or his/her designee shall notify the student and parent/
guardian of the determination and the reasons for it, and, if the student is
suspended, the type and duration of suspension and the opportunity to make
up assignments and such other school work as needed to make academic
progress during the period of removal, as provided in 603 CMR 53.13(1). The
determination shall be in writing and may be in the form of an update to the
original written notice.

d) If the student is in a preschool program or in grades K through 3, the principal
shall send a copy of the written determination to the superintendent and
explain the reasons for imposing an out-of-school suspension, before the
short-term suspension takes effect.
No Right to Appeal:
The decision of the principal or his/her designee is the final decision for short-term out-of-school suspensions not exceeding ten (10) days, consecutively or cumulatively during a school year.

LONG-TERM SUSPENSION PROCEDURES UNDER MGL c. 71 §37H ½:
A long-term suspension is the removal of a student from the school premises and regular classroom activities for more than ten (10) consecutive school days, or for more than ten (10) school days cumulatively for multiple disciplinary offenses in any school year. Except for students who are charged with a disciplinary offense set forth in MGL c. 71, §37 H, or in MGL c. 71 §37H ½, no student may be placed on long-term suspension for one or more disciplinary offenses for more than ninety (90) school days in a school year beginning with the first day that the student is removed from school. No long-term suspension shall extend beyond the end of the school year in which such suspension is imposed. Any student facing a potential long-term suspension is entitled to a hearing with the principal or his/her designee with the following process:

Principal Hearing - Long-term Suspension:

a) The purpose of the hearing with the principal or his/her designee is to hear and consider information regarding the alleged incident for which the student may be suspended, provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, determine if the student committed the disciplinary offense, and, if so, the consequences for the infraction. At a minimum, the principal or his/her designee shall discuss the disciplinary offense, the basis for the charge, and any other pertinent information. The student also shall have an opportunity to present information, including mitigating facts, that the principal or his/her designee should consider in determining whether other remedies and consequences may be appropriate as alternatives to suspension. The principal or his/her designee shall provide the parent/guardian, if present, an opportunity to discuss the student’s conduct and offer information, including mitigating circumstances, that the principal should consider in determining consequences for the student.

b) In addition to the rights afforded a student in a short-term suspension hearing, the student shall have the following additional rights:
   1. In advance of the hearing, the opportunity to review the student’s record and the documents upon which the principal may rely in making a determination to suspend the student or not;
   2. The right to be represented by counsel or a lay person of the student’s choice, at the student’s/parent’s/guardian’s expense;
   3. The right to produce witnesses on his or her behalf and to present the student’s explanation of the alleged incident, but the student may not be compelled to do so;
   4. The right to cross-examine witnesses presented by the school district;
   5. The right to request that the hearing be recorded by the principal or his/her designee, and to receive a copy of the audio record upon
request. If the student or parent/guardian requests an audio record, the principal or his/her designee shall inform all participants before the hearing that an audio record will be made and a copy will be provided to the student and parent/guardian upon request.

c) The principal or his/her designee shall provide the parent/guardian, if present, an opportunity to discuss the student’s conduct and offer information, including mitigating circumstances, that the principal should consider in determining consequences for the student.

d) Based on the evidence, the principal or his/her designee shall determine whether the student committed the disciplinary offense, and, if so, after considering mitigating circumstances and alternatives to suspension, what remedy or consequence will be imposed, in place of or in addition to a long-term suspension. The principal or his/her designee shall send the written determination to the student and parent/guardian by hand-delivery, certified mail, first-class mail or email to an address provided by the parent/guardian for school communications, or any other method of delivery agreed to by the principal or his/her designee and the parent/guardian. If the principal or his/her designee decides to suspend the student, the written determination shall:

1. Identify the disciplinary offense, the date on which the hearing took place, and the participants at the hearing;
2. Set out the key facts and conclusions reached by the principal or his/her designee;
3. Identify the length and effective date of the suspension, as well as a date of return to school;
4. Include notice of the student’s opportunity to receive educational services to make academic progress during the period of removal from school;
5. Inform the student of the right to appeal the principal’s or his/her designee’s decision to the superintendent or designee, but only if the principal or his/her designee has imposed a long-term suspension. Notice of the right of appeal shall be in English and the primary language of the home if other than English as determined by the home language survey, or other means of communication where appropriate, and shall include the following information stated in plain language:
   a. The process for appealing the decision, including that the student or parent/guardian must file a written notice of appeal with the superintendent within five (5) calendar days of the effective date of the long-term suspension; provided that within the five (5) calendar days, the student or parent/guardian may request and receive from the superintendent an extension of time for filing the written notice for up to seven (7) additional calendar days; and that the long-term suspension will remain in effect unless and until the superintendent decides to reverse the principal’s determination on appeal.
   b. If the student is in a preschool program or in grades K through 3, the principal or his/her designee shall send a copy of the written
determination to the superintendent and explain the reasons for imposing an out-of-school suspension, before the suspension takes effect.

Superintendent's Appeal Hearing:

a) A student who is placed on long-term suspension following a hearing with the principal shall have the right to appeal the principal’s decision to the superintendent or his/her designee.

b) The student or parent/guardian shall file a notice of appeal with the superintendent within five (5) calendar days of the effective date of the long-term suspension; provided that within the five (5) calendar days, the student or parent/guardian may request and receive from the superintendent an extension of time for filing the written notice for up to seven (7) additional calendar days. If the appeal is not timely filed, the superintendent may deny the appeal, or may allow the appeal in his or her discretion, for good cause.

c) The superintendent or his/her designee shall hold the hearing within three (3) school days of the student’s request, unless the student or parent/guardian requests an extension of up to seven (7) additional calendar days, in which case the superintendent shall grant the extension.

d) The superintendent shall make a good faith effort to include the parent/guardian in the hearing. The superintendent shall be presumed to have made a good faith effort if he or she has made efforts to find a day and time for the hearing that would allow the parent/guardian and superintendent to participate. The superintendent shall send written notice to the parent/guardian of the date, time, and location of the hearing.

e) The superintendent shall conduct a hearing to determine whether the student committed the disciplinary offense of which the student is accused, and, if so, what the consequence shall be. The superintendent shall arrange for an audio recording of the hearing, a copy of which shall be provided to the student or parent/guardian upon request. The superintendent shall inform all participants before the hearing that an audio record will be made of the hearing and a copy will be provided to the student and parent/guardian upon request.

f) The student shall have all the rights afforded the student at the principal’s hearing for long-term suspension.

g) The superintendent shall issue a written decision within five (5) calendar days of the hearing which meets the requirements of 603 CMR 53.08(3)(c)1 through 5. If the superintendent determines that the student committed the disciplinary offense, the superintendent may impose the same or a lesser consequence than the principal, but shall not impose a suspension greater than that imposed by the principal’s decision.

h) The decision of the superintendent shall be the final decision of the school district, with regard to the suspension.

A parent/guardian conference (re-entry meeting) with the principal or his/her designee is strongly encouraged before students who are suspended return to school. This conference will be used to promote the engagement of the parents/guardians in discussions of the student’s misconduct and to assist the student in re-engaging with the school community.
Section III
LONG-TERM SUSPENSION/EXPULSION FOR SPECIAL CIRCUMSTANCES
UNDER MGL c. 71 §37H:
The long-term suspension or expulsion of a student from school will be in accordance with MGL c. 71 §37H. The grounds for long-term suspension or expulsion include but are not limited to the following:

a) Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun, a knife, or their facsimile, or anything used in the commission of assault and battery; or a controlled substance as defined in Chapter 94 C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to long-term suspension or expulsion from the school by the principal or his/her designee.

b) Any student who assaults a principal, assistant principal, teacher, teacher’s aide, or other educational staff on school premises or at school-sponsored or school-related events, including athletic games, may be subject to long-term suspension or expulsion from the school or school district by the principal or his/her designee.

c) Due process for a student who is subject to an expulsion or a long-term suspension as a result of possessing drugs/weapons or assaulting school staff includes:

1. A student shall receive written notice before the expulsion or a long-term suspension takes place and written notice of the right to appeal.
2. The student shall be given an opportunity for a hearing and the opportunity to present witnesses and evidence. The student may have an attorney at their own expense.
3. Following the hearing, the principal or his/her designee may, in his/her discretion, decide to suspend rather than expel the student.
4. The student may appeal the expulsion (suspension of more than 90 days) to the superintendent provided the appeal is requested in writing, within ten (10) calendar days following the long-term suspension or expulsion.
5. At the appeal hearing, the student may be represented by an attorney and may present oral and written testimony.
6. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of MGL c. 71 §37H.
7. The superintendent’s decision is final.

Sexual Harassment Policy

It is the policy of the Worcester Public Schools, as well as state and federal law, that sexual harassment of a student, present or prospective employee, or visitor shall not be tolerated.

Definition

Sexual harassment is defined as unwelcome advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when:

1. submission to such conduct is either made explicitly or implicitly a term or condition of an individual's study, work or employment, in the Worcester Public Schools

2. submission to or rejection of such conduct by an individual is used as the
basis for educational or employment decisions affecting such individual
3. such conduct has the purpose or effect of substantially interfering with the
educational performance or work of an individual with reasonable
sensitivity.

Considerations
Sexual harassment is not limited to prohibited conduct by a male toward a fe-
male, by a supervisory employee toward a non-supervisory employee or by a teach-
er toward a student, by a student toward a teacher, or by a student toward a stu-
dent. The Worcester Public Schools' view of sexual harassment includes, but is not
limited to, the following considerations:
1. A male, as well as a female, may be the victim of sexual harassment and a
female, as well as a male, may be the harasser
2. The harasser does not have to be the victim's superior.
3. The victim may be the same or opposite sex as the harasser
4. The victim does not have to be the person to whom the unwelcome sexual
conduct is directed; the victim may also be someone who is affected by such
conduct when it is directed toward another person. For example, inappropri-
ate attempts at humor or sexual harassment of one female/male may create
an intimidating, hostile or offensive environment for another female/male or
may unreasonably interfere with an individual's educational or work perfor-

Complaint Procedure
1. Any member of the school community who believes that he/she has been sub-
jected to sexual harassment will report the incident(s) to one of the grievance
officers. All complaints shall be investigated promptly and resolved as soon as
possible.
2. The grievance officer will attempt to resolve the problem in an informal manner
through the following process:
   a. The grievance officer will confer with the charging party in order to obtain
      a clear understanding of that party's statement of the facts, and may inter-
      view any witnesses.
   b. The grievance officer will then attempt to meet with the charged party in
      order to obtain his/her response to the complaint.
   c. The grievance officer will hold as many meetings with the parties as is nec-
      essary to establish the facts.
   d. On the basis of the grievance officer's perception of the situation he/she
      may:
         • Attempt to resolve the matter informally through reconciliation.
         • Report the incident and transfer the record to the Superintendent or
            his/her designee, and so notify the parties by certified mail.
3. After reviewing the record made by the grievance officer, the Superintendent or
designee may attempt to gather any more evidence necessary to decide the
case, and thereafter impose any sanctions deemed appropriate, including a
recommendation to the committee for termination or expulsion. At this stage
of the proceedings, the parties may present witnesses and other evidence, and may also be represented. The parties, to the extent permissible by law, shall be informed of the disposition of the complaint. All matters involving sexual harassment complaints will remain confidential to the extent possible. If it is determined that inappropriate conduct has occurred, the Worcester Public Schools will act promptly to eliminate the offending conduct.

State and Federal Remedies
Nothing in this policy or procedure shall be deemed to affect a complainant’s right to pursue other remedies at law, including administrative appeals or lawsuits.

ANTI-HAZING LAW (G.L. c. 269)
Section 17. Whoever is a principal organizer or participant in the crime of hazing, as defined herein, shall be punished by a fine of not more than $3,000.00 or by imprisonment in a house of correction for not more than one year, or both such fine and imprisonment.

The term "hazing" as used in this section and in Sections 18 and 19, shall mean any conduct or method of initiation into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, liquor, beverage, drug or other substance, or any other brutal treatment or forced physical activity which is likely to adversely affect the physical health or safety of any such student or other person, or which subjects such student or other person to extreme mental stress, including extended deprivation of sleep or rest or extended isolation.

Notwithstanding any other provisions of this section to the contrary, consent shall not be available as a defense to any prosecution under this action.

Section 18. Whoever knows that another person is the victim of hazing as defined in Section 17 and is at the scene of such crime shall, to the extent that such person can do so without danger or peril to himself or others, report such crime to an appropriate law enforcement official as soon as reasonably practicable. Whoever fails to report such crime shall be punished by a fine of not more than $1,000.00.

Section 19. Each institution of secondary education and each public and private institution of post secondary education shall issue to every student group, student team or student organization which is part of such institution or is recognized by the institution or permitted by the institution to use its name or facilities or is known by the institution to exist as an unaffiliated student group, student team or student organization, a copy of this section and Sections 17 and 18; provided, however, that an institution’s compliance with this section’s requirements that an institution issue copies of this section and Sections 17 and 18 to unaffiliated student groups, teams or organizations shall not constitute evidence of the institution’s recognition or endorsement of said unaffiliated student groups, teams or organizations.

Each such group, team or organization shall distribute a copy of this section and Sections 17 and 18 to each of its members, plebes, pledges or applicants for mem-
bership. It shall be the duty of each such group, team or organization, acting through its designated officer, to deliver annually, to the institution an attested acknowledgment stating that such group, team or organization has received a copy of this section and said Sections 17 and 18, that each of its members, plebes, pledges or applicants has received a copy of Sections 17 and 18 and that such group, team or organization understands and agrees to comply with the provisions of this section and Sections 17 and 18.

Each institution of secondary education and each public or private institution of post secondary education shall, at least annually, before or at the start of enrollment, deliver to each person who enrolls as a full time student in such institution a copy of this section and Sections 17 and 18.

Each institution of secondary education and each public or private institution of post secondary education shall file, at least annually, a report with the board of higher education and, in the case of secondary institutions, the board of education, certifying that such institution has complied with its responsibility to inform student groups, teams or organizations and to notify each full time student enrolled by it of the provisions of this section and Sections 17 and 18 and also certifying that said institution has adopted a disciplinary policy with regard to the organizers and participants of hazing, and that such policy has been set forth with appropriate emphasis in the student handbook or similar means of communicating the institution’s policies to its students. The board of higher education and, in the case of secondary institutions, the board of education shall promulgate regulations governing the content and frequency of such reports, and shall forthwith report to the attorney general any such institution which fails to make such report.

Child Abuse

MGL c. 119, §§51A and 51B govern the reporting of child abuse and neglect and require all professional school employees to report suspected cases of abuse of students to the Department of Children and Families.

Worcester Public Schools’ policy requires personnel to inform parents or guardians when there is an indication of a student’s self-destructive behavior. The purpose of this is to alert the parents/guardians about the student’s possible need for additional support and/or treatment.

Related to this requirement, a 51A report will be filed by school authorities when a parent/guardian ignores the school staff’s efforts to involve the parent/guardian in a perceived need of the child requiring special education, counseling or emergency medical attention.

Drug Free School Zones

Any person who distributes or possesses with intent to distribute any controlled substance as defined by Massachusetts General Laws Chapter 94C within one thousand feet of Worcester Public Schools’ property, whether or not school is in session, shall be subject to punishment by imprisonment of not less than two nor more than fifteen years. In addition, a fine of not less than one thousand or more than ten thousand dollars may be imposed but not in lieu of the mandatory minimum term of imprisonment as established by law.
Gun Free School Zones MGL c.269 §10(j)

MGL c. 269 §10(j) prohibits anyone who is not law enforcement from carrying a gun or dangerous weapon on the grounds of any school (elementary, secondary, college or university). This prohibition is applicable regardless of whether or not an individual possesses a valid license to carry.

Education of Homeless Children

The Worcester Public Schools complies with all requirements of the McKinney-Vento Homeless Assistance Act (Subtitle B – Education for Homeless Children and Youth) reauthorized in January, 2002 and the amendments to this act under the Every Student Succeeds Act (ESSA) of 2015. The Worcester Public Schools will:

1. Establish safeguards that protect homeless students from harassment and/or discrimination on the basis of their homelessness
2. Ensure that all children and youth will receive a free appropriate public education and are given meaningful opportunities to succeed in our schools
3. Inform parents/guardians/students of their right to appeal the district’s enrollment or transportation decisions to the Commissioner of the Department of Elementary and Secondary Education or his/her designee, consistent with the Homeless Education Advisory 2003-7; McKinney-Vento Homeless Education Dispute Resolution process
4. Follow the requirements of the McKinney-Vento Act

When a family is enrolling a student or students in school or changing an address, but is unable to provide the usual form of address verification, or is sharing housing with others or is temporarily sheltered in some other alternative arrangement, the family member will be asked to verify the current living situation on the Student Address Verification Form so as to determine whether the student(s) is/are eligible under the McKinney-Vento Homeless Assistance Act for required supplementary supportive services and legally mandated exemptions from certain enrollment requirements. In keeping with these requirements:

1. Homeless students have a right to either remain in their school of origin or to attend school where they are temporarily residing, assuming transportation arrangements are feasible and are in the best interest of the student;
2. Students who choose to remain in their school of origin have the right to remain there until the end of the school year in which they get permanent housing;
3. Students who choose to enroll in school where they are temporarily residing must be enrolled immediately, even if they do not bring the records usually required for enrollment with them;
4. If a homeless student arrives without records, the student will be enrolled immediately and the district’s designated Homeless Education Liaison must assist the family and contact the previously attended school system to obtain the required records;
5. To the extent feasible, transportation will be provided for students in order to maintain continuity of their attendance in a single school over the course of the school year;
6. When a student is residing outside of the city due to circumstances related to homelessness (in accordance with the statutory definition of “homeless”) efforts will be coordinated with the district where the student is temporarily residing to provide transportation to the school of origin if this is the preference of the parent/guardian/caregivers and student;

7. Persons living in battered person’s shelters or a safe house can give school officials the Post Office Box or mailing address of the shelter office, along with verification from the shelter director that the children are residing in that facility in lieu of the street address. Transportation arrangements will be made in a manner that seeks not to disclose such shelter addresses.

8. Questions or concerns regarding issues pertaining to homeless students should be referred to the Office of Social and Emotional Learning at (508) 799-3175.

POLICY ON PARENTAL NOTIFICATION RELATIVE TO SEXUALITY EDUCATION

In accordance with Massachusetts General Laws Chapter 71, Section 32A, the School Committee has adopted the following policy:

At the beginning of each course, all parents/guardians of students in the Worcester Public Schools will be notified in writing of the courses and curriculum offered that primarily involve human sexual education or human sexuality issues. The principal of each school will be responsible for sending notice(s) to the child’s parents/guardians. The parental notice will include the date and time for a parent/guardian meeting to be held at the school. At the parent/guardian meeting, the school’s health or biology teacher will describe the course in detail and answer questions/concerns which parents/guardians may have about course content and delivery.

At the time of enrollment, principals will give this written notice to parents/guardians of those students who enroll in school after the start of the school year.

If the school’s curriculum changes during the school year, to the extent practicable, parents/guardians will be notified of this fact in a timely manner before changes are implemented.

Each written notice sent to parents/guardians will include a brief description of the curriculum covered by this policy and will inform parents/guardians that they may:

1. Exempt their child from any portion of the curriculum that primarily involves human sexuality issues, without penalty to the student’s grades or academic standing. Parents/guardians who request to exempt their child can send to their child’s principal a letter or the reply form attached to the parent/guardian notice. The parent/guardian should specify the course, class or school activity from which the child is to be exempted. Any student who is exempted by request of the parent/guardian under this policy will be given an alternative assignment or a directed study period for the duration of the exemption.

2. Inspect and review program instructional materials for these curricula, which will be made reasonably accessible to parents/guardians and others to the extent practicable. Parents/guardians may arrange with the principal to review the materials at the school, and may also review them at the Worcester Public Schools’ Health Education Office, 20 Irving Street, Worcester, MA (508) 799-3075 and/or the Office of Science and Technology/Engineering, 20 Irving Street, Worcester, MA (508) 799-3479.
A parent/guardian, dissatisfied with the process for notice, the access to instructional materials, or the exemption for a student under this policy will follow the Procedures for Resolving School-Related Problems as described in this Policy Handbook.

After following the school district’s problem-resolution process, a parent/guardian who is still dissatisfied can write to the Massachusetts Commissioner of Education at 75 Pleasant Street, Malden, Massachusetts 02148 to request a review of the issue(s) in dispute.

**ANNUAL NOTICE TO PARENTS/GUARDIANS ON THE PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA)**

The Worcester Public Schools will inform parents/guardians of any student surveys that their child may be asked to participate in that include questions on drug use, sexual activity, political/religious affiliations, or other personal information. All such surveys are voluntary and anonymous. A copy of the survey will be made available for review through the principal and on the Worcester Public Schools’ website.

**SELECTIVE SERVICE**

**Peacetime Registration Requirement of Selective Service System**

Section 3 of the Military Selective Service Act states that male U.S. citizens and aliens residing in the United States, who are between the ages of 18 and 26, are required to register in a manner prescribed by proclamation of the President. The proclamation under which registration is presently required was signed on July 2, 1980. It provides that males born on or after January 1, 1960, must register with Selective Service within 30 days of their 18th birthday.

The Every Student Succeeds Act reiterates that the various branches of the United States armed forces may have access to directory information of 11th and 12th grade high school students. However, the Family Rights to Privacy Act states that parents and guardians may deny this access if they so wish. Directory information includes your son/daughter’s name, address, phone number and age. If you wish for the Worcester Public Schools NOT to divulge your child’s directory information, you must make your request in writing to your child’s principal.

**SEX OFFENDER REGISTRY**

**Public Information**

Massachusetts has created a sex offender registry by enacting Chapter 239 of the Acts of 1996. Under this law persons convicted of certain sex offenses are required to register with the police department where the offender lives and works. The designation for any particular offender is given by the State Criminal History Systems Board. The law requires that any person requesting sex offender registry information appear in person at police headquarters to obtain sex offender registry information. For further information you may contact the Worcester Police Department at (508) 799-8651.
The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive federal funds.

FERPA gives parents certain rights with respect to their child’s education records. These rights transfer to the student when he or she reaches the age of 18. Students to whom the rights have transferred are “eligible students.”

Under FERPA, parents and eligible students have the following rights:

1. To inspect and review the student’s education records maintained by the school. Schools are not required to provide copies of records unless it is impossible for parents or eligible students to review the records. Schools may charge a fee if copies are requested.

2. To request that a school add information, comments, data or any other relevant written material to the student record. If the school decides not to amend the record, the parent or eligible student then has the right to a conference with the principal. After the conference, if the school still decides not to amend the record, the parent or eligible student has the right to appeal to the Superintendent and has a further right to appeal to the School Committee.

3. To have control over the disclosure of personal identifiable information from the education record. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student’s education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

   a. School officials with legitimate educational interest
   b. Other schools to which a student is transferring
   c. Specified officials for audit or evaluation purposes
   d. Appropriate parties in connection with financial aid to a student
   e. Organizations conducting certain studies for or on behalf of the school
   f. Accrediting organizations
   g. To comply with a judicial order or lawfully issued subpoena
   h. Appropriate officials in cases of health and safety emergencies and
   i. State and local authorities, within a juvenile justice system, pursuant to specific State law

FERPA allows schools to disclose, without consent, “directory” information, which is considered by the Worcester Public Schools to include student’s name; honors and awards received; participation in officially recognized activities and sports; weight and height of members of athletic teams; school or program attended; enrollment status; grade level; and dates of attendance.

Parents and eligible students may request that the Worcester Public Schools not disclose directory information by contacting the Office of School and Student Performance by U.S. mail at the Durkin Administration Building, Room 202, 20 Irving Street, Worcester, MA, 01609. Additional information on FERPA may also be obtained from the U.S. Department of Education at the following address:
Regulations
In compliance with Chapter 71, Section 34D of the General Laws of the Commonwealth of Massachusetts, the Worcester School Department is notifying the parents/guardians of public school students of its plans to gather information regarding students and their backgrounds, aptitudes and achievement in order to better meet their individual needs.

On the secondary level, students maybe be asked to complete a questionnaire which relates to identifying information, family background, interests and plans for the future. Any questions which students and/or parents/guardians feel should not be answered may be omitted. This information is necessary in order to keep school records up to date.

Any variance from the preceding plans will be made known in writing prior to implementation.

Types of Student Records
The school principal or his/her designee is responsible for the privacy and security of all student records maintained in the school. The Superintendent of Schools or his/her designee is responsible for all student records that are not under the supervision of the school principal.

The student's record consists of the transcript and the temporary record, according to 603 Code of Massachusetts Regulations, Chapter 23.00. It includes all information, regardless of form or characteristics, concerning a student that is organized on the basis of the student's name or in a way such student may be individually identified.

l. School Discipline Records

*In accordance with Massachusetts General Laws Chapter 71, Section 87, the score of any group intelligence test shall be removed from the record of the student at the end of the school year in which the test was administered.

Section 37L of the Education Reform Act of 1993 requires that any incident report involving student suspension for the committing of criminal acts must be included in the student’s record. This includes reports in which the “student” was charged with an infraction that resulted in suspension. If a student transfers to a new school system, this information must be included as part of the student record, as the new system must be provided with this information.

Teachers’ notes and similar information that is not accessible to authorized school personnel or third parties are not included in the student record. Such information may be shared with the student, parent/guardian, or a temporary substitute without making the file part of the student record. However, if such information is released to authorized school personnel, it then becomes a part of the student’s record. Any information added to the temporary record shall include the name, signature and position of the person entering the information, date of entry, and shall be limited to that which is relevant to the educational needs of the student.

The temporary record of each student enrolled on or after June 2002 shall be destroyed no later than seven (7) years after the student transfers, graduates, or withdraws from the school district. Written notice to the eligible student and his/her parent/guardian of the approximate date of destruction of the temporary record and their right to receive the information in whole or in part, shall be made at the time of such transfer, graduation or withdrawal.

During the time a student is enrolled in a school, the principal or his/her designee shall periodically review and destroy misleading, outdated or irrelevant information contained in the temporary record. The Worcester Public Schools hereby gives notice on an annual basis that temporary records are so reviewed and destroyed at the end of each school year as deemed appropriate. Parents/guardians wanting an opportunity to receive the information or a copy prior to its destruction should contact the principal by June 1st of the school year.

3. Access to Student Records

The following personnel have access to students' records in the performance of
their official duties:

a. School administrators, teachers, counselors and other professionals who are employed by the School Committee or who are providing services to the student under an agreement between the School Committee and a service provider who work directly with the students.

d. School health personnel and local and state health department personnel in the performance of official duties.

e. The following persons serving in a parental role shall have access to a student’s records:
   i. The custodial parent(s) (parent with physical custody)
   ii. The student’s guardian
   iii. A person or agency legally authorized to act on behalf of or in conjunction with the student’s father, mother or guardian, assuming this father, mother or guardian has physical custody.

f. Non-custodial parents shall not have access to a student’s records when:
   i. The parent has been denied legal custody based on a threat to the safety of the child or to the custodial parent or
   ii. The parent has been denied visitation or has been ordered to supervised visitation or
   iii. The parent’s access to the child or to the custodial parent has been restricted by a temporary or permanent protective order, unless the protective order (or any subsequent order modifying the protective order) specifically allows access to the student information described in the statute.

Massachusetts General Laws Chapter 71 § 34H requires the non-custodial parent to submit a written request for access to the student’s records to the school principal. For further information contact your child’s principal.

g. The student, if age fourteen (14) or upon entering grade nine (9).

j. Worcester Public Schools will forward student records to authorized school personnel of the school to which a student transfers or seeks to enroll [603 CMR 23.07 (4)(f)].

k. Upon the receipt of a court order or lawfully issued subpoena, provided that the eligible student or parent/guardian is notified in reasonable time that (s)he may seek to have the process quashed, as required by

In line with federal regulations a school may release a student's name, address, telephone listing, date and place of birth, major field of study, dates of attendance, weight and height of members of athletics teams, class, participation in officially recognized activities and sports, degrees, honors and awards, and post-high school plans without the consent of the eligible student or parent/guardian. This serves as Worcester Public Schools public notice of the types of information it may release. Eligible students and parents/guardians who do not want this information disclosed to any third party must submit a written request to the principal of the school.

4. Access of other third parties requires the written consent of the eligible student or parent/guardian except for the provisions specified under 23.07(4) of the regulations. When granting consent, the eligible student or parent/guardian shall have the right to designate which parts of the student's record shall be released to the third party. A copy of such consent shall be retained by the eligible student or parent/guardian and a duplicate placed in the temporary record. Except for information described in 603 CMR 23.07(4)(a), personally identifiable information from a student record shall be released to a third party on the condition that (s)he will not permit any other third party to have access to such information without the written consent of the eligible student or parent/guardian.

The above persons have the right to request deletion or amendment of any information contained in the student record. They shall also have the right to a conference with the principal to make objections known regarding material contained in the record.
In the event any decision of a principal is not satisfactory, the student and/or his
or her parent/guardian may then appeal to the Superintendent in writing for a review of the objections. A further appeal is possible to the School Committee if the Superintendent’s response is not satisfactory. A hearing shall be conducted by the School Committee within four weeks of written notice of an appeal. The student and/or parent/guardian may be represented by an advocate of his or her choosing to cross-examine witnesses and to present evidence. Written notice of the decision will be furnished to the student and/or parent/guardian.

EVERY STUDENT SUCCCEEDS ACT

The Worcester Public Schools makes every effort to comply with the regulations and requirements of the Every Student Succeeds Act (ESSA), a federal law enacted in 2015. This legislation requires school district personnel to notify parents/guardians of a variety of issues regarding their children’s education. Among them is a requirement to notify parents/guardians of students attending Title I schools of their right to know about the qualifications of the teachers and instructional assistants who work with their children.

In a Title I school, parents/guardians have the right to know the professional qualifications of classroom teachers who instruct their children. ESSA allows parents/guardians to ask for certain information about a student’s classroom teacher and requires that the district provide the parents/guardians with the requested information in a timely manner. Specifically, parents/guardians have the right to ask for the following information about each of their children’s classroom teachers in a Title I school:

1. Whether the teacher has met the Massachusetts Department of Elementary and Secondary Education (DESE) qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under emergency or other provisional status through which DESE qualification or licensing criteria have been waived.
3. Whether the teacher is teaching in the field of discipline of the certification of the teacher.
4. Whether any instructional assistants or other paraprofessionals provide services to your child, and, if they do, their qualifications.

If parents/guardians would like to receive any of this information, they must contact the principal of their child(ren)’s Title I school.

In addition, districts are required to provide to each individual parent/guardian information on the child’s level of achievement and academic growth of the student, if applicable and available, on each of the state academic assessments required under Title I.

At the beginning of each school year, Title I schools must notify parents/guardians of each child that the parents may request (and the school will provide) in a timely manner information regarding any state or school policy regarding student participation in any assessments mandated by ESSA. Information on each mandated assessment is available on the Worcester Public Schools’ website.
No later than thirty days after the beginning of the school year, each Title I school must inform parents/guardians of an English learner identified for participation or participating in a language instruction educational program of the reasons for placement; the child’s level of English proficiency and academic achievement; and how the program will address the child’s specific needs; and to provide parents/guardians with written guidance detailing the parental rights and options with regard to such a program.

**CODE OF CONDUCT**

**Philosophy**

It is the policy of the Worcester Public Schools to ensure fair and effective disciplinary practices. Every student has a right to an education in a safe, secure and supportive environment, and every teacher has a right to expect respectful, prepared students in his/her classroom.

A key aspect of a student’s education is the acquisition of social and behavioral skills, since effective learning can only occur when students obey basic rules of conduct. This means that:

1. Students have a responsibility to conduct themselves in a manner that is in the best interest of the school and its students.
2. Parents/guardians have a responsibility to develop positive attitudes toward study and behavior.
3. Teachers have a responsibility to continue behavior development through teaching and discipline in the classroom.
4. The Administration and the School Committee have a responsibility to support and maintain the enforcement of discipline within the school buildings.

All students are expected to meet the requirements for behavior as set forth in this handbook. Chapter 71B of the Massachusetts General Laws, requires that additional provisions be made for students who have been found by an evaluation team to have special needs and whose program is described in an Individualized Educational Plan (IEP). Such provisions will also be made, when appropriate, for students with a disability who are receiving accommodations or related services under a 504 plan.

The Code of Conduct is based on a system of progressive discipline with a goal of limiting the use of long-term suspension as a consequence for student misconduct until other consequences have been considered, as appropriate. The administrator will exercise discretion in determining disciplinary consequences.

The administrator may utilize his/her discretion to significantly increase penalties in the cases of second and third offenses or for other factors. In determining the severity of the penalty or suspension, the appropriate administrator may consider all relevant facts, including but not limited to: 1) previous disciplinary record, 2) severity of disruption to the educational process, 3) degree of danger to self and/or others, 4) the degree to which the student is willing to change his/her inappropriate behavior and 5) whether alternative consequences are appropriate to re-engage the student in learning.
School-Imposed Discipline

Expulsion means the removal of a student from the school premises, regular classroom activities, and school activities for more than ninety (90) school days, indefinitely, or permanently, as permitted under MGL c. 71, §§37H or 37H½ for: a) possession of a dangerous weapon; b) possession of a controlled substance; c) assault on a member of the educational staff; or d) a felony charge or felony delinquency complaint or conviction, or adjudication or admission of guilt with respect to such felony, if a principal or his/her designee determines that the student’s continued presence in school would have a substantial detrimental effect on the general welfare of the school, as provided in MGL c. 71, §§37H or 37H½.

In-school suspension means removal of a student from regular classroom activities, but not from the school premises, for no more than ten (10) consecutive school days, or no more than ten (10) school days cumulatively for multiple infractions during the school year. Removal solely from participation in extracurricular activities or school-sponsored events, or both, shall not count as removal in calculating school days. In-school suspension for ten (10) days or less, consecutively or cumulatively during a school year, shall not be considered a short-term suspension under these regulations. If a student is placed in in-school suspension for more than ten (10) days, consecutively or cumulatively during a school year, such suspension shall be deemed a long-term suspension for due process, appeal, and reporting purposes under 603 CMR 53.00.

Short-term suspension means the removal of a student from the school premises and regular classroom activities for ten (10) consecutive school days or less. Removal solely from participation in extracurricular activities or school-sponsored events, or both, shall not count as removal in calculating school days.

Long-term suspension means the removal of a student from the school premises and regular classroom activities for more than ten (10) consecutive school days, or for more than ten (10) school days cumulatively for multiple disciplinary offenses in any school year. Removal solely from participation in extracurricular activities or school-sponsored events, or both, shall not count as removal in calculating school days. Except for students who are charged with a disciplinary offense set forth in subsections (a) or (b) of MGL c. 71, §37 H, or in section 37H ½ of MGL c. 71, no student may be placed on long-term suspension for one or more disciplinary offenses for more than ninety (90) school days in a school year beginning with the first day that the student is removed from school. No long-term suspension under section MGL c. 71 §37H ¾ shall extend beyond the end of the school year in which such suspension is imposed.

Other Discipline: Demerits or detentions may be imposed for infractions of these rules at the school level. Alternative consequences may be used, as appropriate, and include the use of evidence based strategies and programs such as mediation, conflict resolution, restorative justice, and positive behavioral interventions and supports.

Participation in clubs and activities at Worcester Public Schools and attending
school-sponsored, school-related events is a privilege afforded to students who remain in good standing. To participate in school activities, events and clubs, students are expected to maintain good attendance and demonstrate good behavior and citizenship during school and at school-sponsored events. Eligibility for participation in activities, events, clubs, awards, scholarships and honorary positions at Worcester Public Schools is limited to students who are currently enrolled in and attending Worcester Public Schools in good standing. Students not meeting these expectations may be excluded at the discretion of the principal or his/her designee. If a student is suspended from an extracurricular activity, at the determination of the principal, the student may be excluded from that specific type of event involving the student’s school of enrollment for the remainder of the school year. A student’s removal from extracurricular activities and attendance at school sponsored events is not subject to the procedural requirements of MGL c. 71 §37H ¾ (Principal’s Hearing). The removal is not a suspension for the purpose of counting the school days that a student is suspended. Parents/guardians will be notified when a student is removed or excluded from extracurricular activities.

School discipline shall not include the right to inflict corporal punishment except that reasonable force may be used as necessary to protect other students or other persons from assault or the imminent threat of bodily injury.

School Officials may legally search a student and confiscate property provided:
1. there are reasonable grounds to suspect a search will turn up evidence tending to show that the student has violated or is violating the law or the school’s rules; and
2. the search as conducted is reasonably related in scope to the circumstances that justified the search in the first place.

All head injuries must be reported to the nursing administrative office, including those that occur outside of the school prior to the start of the sports season or physical activity. Parents must also complete the history of head injury section on the Extracurricular Athletic Activities Permission Form.

Additional information, including the Post Sports-related Head Injury Medical Clearance and Authorization Form, can be found on the Worcester Public Schools website: [https://worcesterschools.org/wp-content/uploads/handbook/HEAD%20INJURY%20MEDICAL%20CLEARANCE%20FORM.pdf](https://worcesterschools.org/wp-content/uploads/handbook/HEAD%20INJURY%20MEDICAL%20CLEARANCE%20FORM.pdf)

Chemical Health MIAA Rule 62

From the earliest fall practice date, to the conclusion of the academic year or final athletic event (whichever is later), a student shall not, regardless of the quantity, use, consume, possess, buy/sell, or give away any beverage containing alcohol; any tobacco product (including e-cigarettes, VAP pens and all similar devices); marijuana (including synthetic); steroids; or any controlled substance. This policy includes products such as “NA or near beer”, inhalants (defined as any substance that produces a mind-altering effect when inhaled), and misuse of over-the-counter medications and substances used for the purposes of altering one’s mental state. It is not a violation for a student to be in possession of a legally defined drug specifi-
cally prescribed for the student’s own use by his/her doctor.

If a student who violates this rule is unable to participate in interscholastic sports due to injury or academics, any penalty imposed will not take effect until that student is able to participate again. See MIAA Handbook for penalties.

Reasonable Conduct

The Worcester Public Schools recognizes that the safety and welfare of individual students and teams are a priority. Therefore, students will not engage in any acts of criminal activity such as, but not limited to, vandalism, assault and battery, sexual misconduct, hazing, plagiarism, theft or other disruptive conduct.

Students are also expected to behave appropriately during all school-related activities. Detrimental actions include, but are not limited to, insubordination, fighting, taunting, negative attitude, unsportsmanlike conduct, lying, and inappropriate language or gestures and all other infractions as stated in the Worcester Public Schools’ Policies Handbook and school handbooks.

Recognizing the varying degrees of severity, the type of misconduct and a student’s previous record of conduct, each situation will be considered individually. The principal working with the coach/advisor will determine appropriate consequences, which may include denial of participation or dismissal from the team/activity. In all cases the student will have the right to due process (Due Process, page 16).

It is also understood that spectators, including parents/guardians of all Worcester Public Schools’ athletes/students, are to conduct themselves appropriately at all athletic competitions/activities, both home and away. Parents/guardians are not expected to taunt or display any inappropriate behavior to other fans, officials, coaches or players. Inappropriate behavior may lead to expulsion from the event.

Felony Charge/Conviction

1. Any student charged with a felony will be ineligible to participate in any school-related activities until the case has been adjudicated and the charges dismissed or reduced to a non-felony status.

2. Any student convicted of a felony and/or expelled or issued a long-term suspension from school will be ineligible to participate in any school-related activities for the duration of the expulsion or long-term suspension.

Team Management Plan

At the preseason meeting with the Director of Athletics, each coach will turn in a management plan outlining rules and expectations for the coming season that has been approved by the principal. This plan will be distributed to all candidates for the team.

Discipline of Students Under Section 504 and ADA

Under various federal and state laws and regulations, students with disabilities may not be discriminated against in discipline matters on the basis of their disability or impairment. In addition to those rights set forth in Student Handbook of the Worcester Public Schools, procedures will be implemented to comply with state and federal law and regulations regarding students with disabilities. Additional
Students with Disabilities and/or Suspected Disabilities Receiving Special Education Services or 504 Plan

1. The principal or his/her designee will notify the Special Education Office of the suspendable offense of a student with a disability and a record will be kept in the SAGE student management system.

2. When the suspension of a student with a disability accumulates to more than ten (10) days during the school year, or there appears to be a pattern of suspensions, a Manifestation Determination meeting will be held.
   a. If the IEP Team at the Manifestation Determination finds that there is a direct and substantial relationship between the violation of the discipline code and the student’s disability or that the conduct in question was the direct result of the school’s failure to implement the IEP, the student returns to school and the discipline action is revoked.
   b. If the student’s violation of the discipline code is not related directly and substantially to his/her disability or to an IEP not fully implemented, a suspension or other discipline may be imposed. The team will determine a placement in which the student will receive services during periods of suspension beyond ten (10) days, which provides access to the general curriculum and addresses his/her IEP goals.
   c. If a student carries a weapon to school or a school function, or if the student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at a school or at a school function, or inflicts serious bodily injury upon a person at school or at a school function, the district may remove the student to an interim alternate educational placement for up to forty-five (45) school days. The placement will be determined by the IEP Team.
   d. In cases where a student’s violation of the discipline code presents a danger to other students, staff, or the student himself/herself, and the parent/guardian does not accept the proposed placement, the School Committee will immediately seek court approval or an order from the Bureau of Special Education Appeals (BSEA), to suspend or exclude the student from the Worcester school premises.
   e. Any dispute regarding the IEP will be resolved through the special education dispute resolution process. If a hearing is requested, the student may stay in his/her current placement unless the BSEA determines otherwise or the parent/guardian agrees to an alternate setting pending resolution of the dispute.

HEALTH SERVICES FOR STUDENTS

Wellness Policy

Preamble

It is the mission of the Worcester Public Schools (WPS) Wellness Policy to enable students to become independent and self-directed learners, responsible for meeting their own health and nutritional needs as developmentally appropriate. It is the goal of the Wellness Policy to promote all students’ physical, emotional and social well being through the coordinated efforts of all departments and services offered in the Worcester Public Schools. This model calls for a collaborative, coordinated and comprehensive approach to learning and health, and serves as the model for the WPS Wellness Policy and nursing practice.

Overview of School Health/Nursing Services Offered

A coordinated program of accessible health services will be provided to students through the leadership of the Nursing Department, in collaboration with the school Physician Consultant, various school departments, and community agencies, as applicable. The program includes communicable disease prevention and reporting, immunization compliance, health education and wellness promotion, health assessments and screenings, chronic condition (including but not limited to asthma, diabetes, life-threatening allergies, seizures, ADHD) management, counseling, community health referrals, first aid and emergency care. The school nurses collaborate and coordinate with parents and other health care providers to create an Individual Health Care Plan.

School nurses provide mandated screenings for students at various grade levels in accordance with MA State laws and the Division of Public Health requirements. Screenings include vision and hearing (grades K-5, 8, 10), scoliosis (grades 5-9) height, weight and BMI (grades 1, 4, 7, 10) and Screening Brief Intervention and Referral to Treatment [SBIRT] (grades 7 and 9). All students will receive a form from school for parents/guardians to choose to opt out of one or more of these preventive screenings.

All school staff throughout the district are trained by school nurses yearly on life threatening allergy awareness education and Epi-Pen administration and basic first-aid. There are also many school staff members who are trained by the Nursing Department in Cardiopulmonary Resuscitation (CPR) and Automated External Defibrillator (AED) use. Every school and outside athletic area has at minimum one AED available and at least one person trained to use it at all times.

The Nursing Administration coordinates and supports other health services available to students including oral health screenings and preventive care such as fluoride and sealant application with referral to a dentist as needed. All high-schools, Burncoat, Worcester East, and Sullivan middle schools, and Elm Park Community, Goddard School of Science and Technology, and Woodland Academy elementary schools have School-Based Health Centers (SBHC) staffed with Nurse Practitioners who can provide more advanced health assessments, diagnoses, and treatment as indicated. Students can also receive physical examinations and immunizations if registered. The Edward Kennedy Health Center (EKHC) and the Family Health Center (FHC) of Worcester operate the SBHCs in the WPS. Parents/guardians who are interested in this additional health service must register your child/children at the start of every school year, providing consent for treatment.
School Health Advisory Council

The School Committee recognizes the relationship between student wellness and student achievement. The purpose of the School Health Advisory Council is to recommend, review and help implement school district policies addressing school nutrition, nutrition education, physical activity and related issues that affect student health (105 CMR 215.000). The council is comprised of the Coordinator of Nursing and a variety of community agencies who work together to advocate, develop, implement, monitor, review and revise school health policy as needed/mandated.

See the WPS Nursing and Health website for the complete Wellness Policy and other health-related policies and forms or call your school nurse with any questions.

Suggested Guidelines for Safe Backpack Use

Recommendations from the American Academy of Pediatrics for choosing the correct backpack include:

1. Do not carry weight greater than 20% of body weight
2. Select a style that has padded shoulders and waist strap
3. Use both shoulder straps
4. Tighten the straps so the pack is close to the body
5. Distribute the weight of objects evenly in the backpack
6. Utilize all compartments
7. Pack heaviest objects close to the back with the center of gravity near the pelvis

Access for Pregnant Students

Pregnant students are encouraged to continue to attend school. Every effort will be made to see that the educational program of the student is disrupted as little as possible, that return to school after delivery is encouraged, and the every reasonable opportunity to complete high school is provided.

In accordance with Federal Law and Massachusetts Department of Elementary and Secondary Education regulations and guidance, a student who is pregnant is permitted to remain in regular classes and participate in extracurricular activities with non-pregnant students throughout her pregnancy. After giving birth, a student is permitted to return to the academic program in which she was enrolled and is permitted to participate in extracurricular programs.

TRANSPORTATION

Transportation Program

Free transportation is granted to students in grades kindergarten through 12 who reside two (2) miles or more from the school which they are entitled to attend. The legal obligation of the School Committee in this respect is limited to provision for transportation for elementary school children and the School Committee does have the right, if necessary, to charge for transportation or not provide transportation at the secondary level regardless of where students may live.

All eligible K-12 students are expected to ride only the bus to which they are assigned both to and from school and be picked up and dropped off at their assigned bus stops. Students will be asked to walk to a common bus stop. In that situation,
students in grades K-6 should be accompanied to the stop by a parent or guardian. The safety responsibility for escorting a child to and from the bus stop shall rest with the parents or guardians of the student involved.

Parents or guardians of students are responsible for supervision until such time as the child boards the bus in the morning and after the child leaves the bus at the end of the school day. Once the child boards the bus – and only at that time – does he or she become the responsibility of the school district. Such responsibility shall end when the child is delivered to the regular bus stop at the close of the school day. It is the responsibility of the parent/guardian to escort the child to and from the bus stop where there are no sidewalks, where sidewalks are only on one side, where the bus stop is on the opposite side of the street, or where the parent/guardian has other traffic concerns.

It is also expected that all students will be outside at the bus stop TEN minutes before the bus arrives. Bus drivers have been instructed NOT TO STOP if no child is waiting. Students should be visible and not in cars, stores or otherwise not easily seen by the school bus driver. For safety reasons, it is most important that a parent or guardian be at the bus stop to receive the homecoming child.

Students in kindergarten who are transported will receive an identification tag at their school to ensure that they are not discharged from the school bus without a parent/guardian being present. Students not released from the school bus because no parent/guardian is present will be taken to the Quinsigamond School, 14 Blackstone River Road (508) 799-3502 to be picked up by a parent or guardian.

Students who are assigned a school bus pass through their secondary school are expected to carry the pass with them at all times when riding the school bus and to display it to the driver for inspection, if requested. Only students with valid passes will be permitted to ride the school bus.

Transportation eligibility is based solely on the student’s home address and is only for the transportation between the student’s home bus stop and the school he/she attends.

Additionally, transportation shall be provided at city expense for children whose Individualized Education Plan (IEP) requires such transportation.

Free transportation will be provided when the presence of long-term heavy construction projects on the prescribed routes creates a hazard. This would apply only for the duration of the project.

**Busing Privileges**

In view of the fact that a school bus is an extension of the classroom, the Worcester Public Schools shall require each student to conduct himself/herself in a manner consistent with the Code of Conduct and Safety and Behavior Rules for Pupils Riding School Buses as stated in the student handbook. School bus drivers have the authority and the responsibility to maintain good order while operating the bus. Additionally, bus drivers are instructed to inform the building principal about any student misconduct that creates an annoyance or distraction while driving. The building principal will inform the parents/guardians of the misconduct and request their cooperation in monitoring the child’s behavior. Any student who becomes a disciplinary problem on the school bus may have riding privileges suspended on a temporary or permanent basis. In such cases, the parents/guardians of the child involved become responsible for seeing that the child gets to and from school
safely.
Worcester Public Schools’ school buses may be equipped with cameras to create a video and audio record of each trip. This video and/or audio may be used to assist the school principal in determining what discipline, if any, is appropriate in cases of reported violations of safe riding practices. It may also be used as a tool to teach and reinforce safe riding practices for all students.

As always, safety is of primary importance. At the bus stops and on the school bus, students are expected to be well behaved and cooperative at all times.

Transfer Students
Transportation will be provided to transfer students only if their transfers have a positive effect on the state approved desisolation plan.

Homeless Students
Refer to transportation services described on page 29 under Education of Homeless Children.

Two Mile Limit
The two-mile measurement is the shortest vehicular route between the nearest walkway or driveway to the student’s residence and the nearest walkway or gateway leading to the front door of the school. Mileage will NOT be calculated to or from a daycare provider.

School Bus Stops and Routing
Students will walk to a common bus stop. Bus stops will be set up, approved, and verified by the Worcester Public Schools Transportation Department only. Students are not entitled to street-to-street or door-to-door pickup or delivery. All stops will be at corners, whenever possible, to make them fair and consistent for all. All requests for additions or changes of school bus stops must be made through the student’s school principal or designee. Parents or guardians are responsible to ensure that their child is at the correct bus stop. Any child standing at unauthorized locations, or bus stops not assigned by the Transportation Department, will not be picked up. Do not assume bus stops are in the same location as the previous year, as they may change due to student location and population. School bus drivers are not permitted to make changes, additions or deletions of any bus stops. While the law requires school departments to furnish transportation to those students falling within the state’s guidelines, it does not relieve the parent or guardian of the responsibility of supervision of the child until the child boards the bus in the morning and after the child leaves the bus at the end of the day. Once a child boards the bus, only at that time does he or she become the responsibility of the school district. Such responsibility shall end when the child is delivered to the bus stop at the close of the school day.

Riding School Buses
The following safety and behavior rules for pupils riding school buses are published as a guideline for students entitled to transportation by the Worcester Public Schools. A breach of these rules may result in loss of busing privileges.
1. Only pupils and school personnel assigned to the bus shall be allowed to ride in a school bus unless permission is granted by the Director of Transportation.
2. Students should be at the pick-up point at the time designated and prepared to get on the bus with the least possible delay in order to keep the bus on schedule.
3. While at a bus pick-up point, students must:
   • Conduct themselves in an orderly manner
   • Stay out of the street
   • Respect nearby private property rights
   • Remain at least ten (10) feet from the bus when it stops to pick up, and move toward the bus only when the door opens
4. Students should ride only the bus to which they are regularly assigned.
5. Students should take seats promptly after boarding the bus and remain in their seats while the bus is in motion.
6. Students shall not open or close windows or emergency doors except when asked to do so by the driver or the bus monitor. Students must keep arms and heads inside the bus.
7. While a passenger on a bus, a student must not:
   • Smoke
   • Throw any objects on the bus or out the windows
   • Disturb the driver or other students
   • Litter
   • Make loud or unnecessary noises
   • Eat food or drink
   • Transport items which may endanger the health or safety of any other passengers
   • Damage or deface any part of the bus
8. Students must remain quiet when approaching a railroad crossing.
9. Students who exit from the bus should pass ten (10) feet in front of the bus and look in both directions before crossing.
10. In the event of a road emergency, students are to remain on the bus unless requested to leave by the driver of the bus.
11. After exiting the bus, students should enter the school directly for safety purposes.
12. A student who has been issued an identification card by school authorities should carry such card with him/her at all times and show it when requested.
13. Bus drivers/monitors must report violations of the above rules and regulations to the school official on Bus Conduct Forms. Riding the bus is a privilege that can be denied temporarily or permanently when the student’s behavior warrants it.

Section 504 - Americans with Disabilities Amendments Act

It is the policy of the Worcester Public Schools to comply with Section 504 of the Americans with Disabilities Amendments Act (ADAA, 2008) in all aspects of its programming, including both academic and extra-curricular activities and programs.

The Rehabilitation Acts of 1973, also known as “Section 504,” is a non-discrimination statute enacted by the United States Congress. The purpose of the Act is to prohibit discrimination by institutions that receive federal funding and to assure that qualified disabled students have educational opportunities and benefits equal to those provided to non-disabled students. Section 504 requires that school districts provide a free appropriate public education (FAPE) to qualified students in their jurisdictions who have a physical or mental impairment that substantially limits one or more major life activities.

An eligible student under Section 504 is a student who:

1. has a physical or mental impairment that substantially limits one or more of such person’s major life activities
2. has a record of such an impairment
3. is regarded as having such an impairment

Major life activities include but are not limited to caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating and working.

Under the ADA Amendments Act, whether an impairment substantially limits a major life activity is to be determined without reference to the ameliorative effects of mitigating measures. This means that the school cannot consider the ameliorative effect of mitigating measures — with the exception of eyeglasses and contact lenses — in determining whether someone has a qualifying disability.

Eligibility

If you believe that your child may qualify for a 504 accommodation plan in order to access programs or activities in the Worcester Public Schools, please notify the
Principal at your child’s school. If you have medical or other documentation about the disabling condition it is helpful to bring this to the Principal, although a medical diagnosis is not required. The Principal or their designated 504 coordinator for the school will review the concerns and gather data from teachers, school nurses, parents or others working with your child. This information will assist the 504 committee to determine how and whether your child’s impairment substantially limits a major life activity. Specialists at the school may be consulted. If an assessment by a specialist is needed you will be asked for written consent to complete these at school at no charge to you. When relevant data and information has been collected, the 504 committee will meet with you to determine the student’s eligibility under Section 504 and to develop a plan of appropriate accommodations for your child. If it is determined that your child is not eligible, you will be provided this decision in writing and receive information concerning your procedural rights.

Who Might be Eligible Under Section 504?

Students may be eligible for accommodations or related services for a variety of reasons. Following are examples of students who may be eligible under Section 504 depending on the degree to which the disability interferes significantly with a major life activity:

- a student who has a hearing impairment
- a student who has exercise-induced asthma
- a student diagnosed with ADD/ADHD
- a student with juvenile rheumatoid arthritis
- a student with Crohn’s disease

School Districts Must

Conduct an evaluation of any student who, because of a disability, needs or is believed to need special education or related services in order to access all learning activities in a manner comparable to that of non-disabled same age peers. The evaluation will consist of the collection and analysis of data relevant to the impact of the disability on the student’s functional access to curriculum, learning, social and enrichment opportunities that comprise the educational program. Additionally, the Worcester Public Schools must “undertake to identify and locate every qualified handicapped person between the ages of 3 and 22 residing in the district who is not receiving a public education” 34 CFR 104.32 (a). In addition, the Worcester Public Schools must take appropriate steps to notify students with disabilities and their parents or guardians about this child find duty 34 CFR 104.32 (b). Written notice of Parent Rights under Section 504 may be requested at your child’s school or accessed through the Worcester Public Schools website: https://worcesterschools.org/wp-content/uploads/handbook/Section%20504%20Parents%20Rights%20Notice.pdf

The person responsible for Section 504 at your school is the principal. Please contact your child’s school or the Office of Social and Emotional Learning at 508-799-3175 if you have any questions or concerns regarding this notice or Section 504.
Special Education

The mission of the Special Education Department is to provide support, technical assistance and service to schools, staff, students, families and community stakeholders as we work collaboratively to promote safe schools to maximize educational outcomes for students with disabilities. Through our efforts we are committed to partnering with families and schools to ensure the fidelity of specialized instruction, inclusion opportunities, professional learning and rigorous outcomes to ensure the individual growth and personal success of students.

The following key areas provides an overview of special education:

Child Find activities includes the district providing screenings and evaluations annually for students to determine eligibility for special education and/or related services. Parental consent is required for all evaluations and completed within 45 school working days after the parent provides the district with written consent. Through the evaluations process the evaluation must assess the child in all areas related to the child’s suspected disability. The evaluation results will be used to determine the child’s eligibility for special education and/or related services or a 504 Plan.

Special education services provides specially designed instruction to meet the unique needs of a child who has a disability. The Federal law, Individuals with Disabilities Education Act (IDEA), in combination with the state’s special education law (MGL c.71B) protects students with disabilities who are eligible for special education and guarantees them an Individual Education Program (IEP) designed to meet their unique needs. Special education laws and regulations are meant to protect a student with disabilities to ensure that individualized education program services are designed to make effective progress. While not every child with a disability will require special education services, every child whose disability affects their school progress is entitled to receive a free and appropriate public education (FAPE).

Students are the focus of the special education process as each IEP TEAM must discuss and create a vision for the student. A student at the age of 14 should be encouraged to be an active participant through the TEAM process as this begins the onset of the IEP TEAM to create a Transition Plan. The Transition Planning process should include an interest inventory, transition assessments, post-secondary goals and/or prevocational assessments for all students with a disability who are (14-22) years of age. The completion of the Transition Planning Form (TPF) allows TEAM members to discuss what a student is interested in doing after high school and what supports they need to get there. When the student is 17 years of age, the school district must discuss with both the student and parent the change in rights of the student and the parent(s) that will occur on the student’s 18th birthday. In Massachusetts, at age 18 the student reaches the age of majority and thus able to make his or her own medical and education decisions.

Another critical process for students with severe disabilities is the Chapter 688 process. This is not a continuation of special education services and is not an entitlement to services. Special education services provided while a student is in school are entitlements mandated by federal and state law. A 688 referral is to plan for needed adult services for students with severe disabilities. Filing a Chapter 688 referral is discussed by the TEAM at least two years before the student is expected
to graduate or turn 22, as part of a transition planning. This process sets in motion a two year planning process for students whose entitlements to special education services will end when they graduate from school or turn 22 years of age. This filing results in the creation of an Individual Transition Plan (ITP) that describes how the student will connect with needed supports and services beyond school. Additional information about this process can be found at the following link: www.doe.mass.edu/sped/links/transition.html. Parents can also call the Parent Training Information Center at the Federation for Children with Special Needs at 1-800-331-0688, or the Director of the Bureau of Transitional Planning with The Executive Office of Health and Human Services at 617-573-1600.

Referrals are made by contacting the principal, school personnel, or the district’s Manager of Special Education when requesting an evaluation for a special education eligibility. The parent must give consent in writing before a special education evaluation can begin. The school must contact the parent within five school days of receiving the referral asking for written permission and/or consent to begin the evaluation process.

Principals at each school are responsible to ensure that individual student’s education plans are implemented with fidelity as written. The person responsible for assuring that the district complies with Federal and State guidelines that govern special education regulations is the Manager of Special Education and Intervention Services. Please contact your child’s school, evaluation team chairperson or the Special Education Manager if you have any questions or concerns regarding special education and your child’s educational program.

Please visit https://worcesterschools.org/about/departments-offices/special-education-intervention-services/ for additional information.

Employment Information and Procedures

Employment Permits (14-18 years of age) are issued in the nine (9) secondary schools for students enrolled in those schools. Other students may obtain the permit or certificate at the Parent Information Center, 768 Main Street between 8:30 a.m. and 4:00 p.m. Monday through Friday throughout the year. Students who do not attend public schools must present proof of date of birth when applying for the certificate or permit.

Anyone under 18 years of age must obtain a work permit before starting a new job (M.G.L. c. 149 §86-89). Applications for work permits and complete information on legal limits of work hours and conditions of employment are available on the Massachusetts Department of Labor’s Division of Occupational Safety website at: https://www.mass.gov/how-to/how-to-get-a-work-permit

Occupation Restrictions

Minors under 14 may not work

There are a few exceptions to this such as working as news carriers, on farms, and in entertainment (with a special permit).

Home Hospital Educational Services 603 (CMR 28.03(3) (c)

State regulations provide educational services to a student who is confined to the home or hospital for medical reasons for a period of not less than fourteen school
days in a school year. The intent of the regulation is to provide students receiving a publicly-funded education with the opportunity to make educational progress even when a physician determines that the student is physically unable to attend school. Home/hospital educational services are not intended to replicate the total school experience. The number of tutoring hours provided to the student will be based upon Worcester’s recommendations of what is required to minimize educational loss and taking into account the medical needs of the student. The Principal and/or his or her designee determines the credits which will be awarded for work completed during tutoring.

Any student who will be confined to a hospital or a home by an attending physician for fourteen (14) school days or longer due to a medical condition is eligible for this service. Note that for chronically ill students, the fourteen days need not be concurrent, but must result from the stated diagnosis.

If a chronic or acute medical condition that is not temporary in nature appears likely to adversely impact a student’s educational progress, the Principal and/or his or her designee will initiate a referral to determine eligibility for special education or 504 services.

Worcester requires students who seek home/hospital instruction to provide the Principal with a Department of Elementary and Secondary Education Physician’s Statement form (form 23R/3) that is completed and signed by the student’s attending physician. The Principal and/or his or her designee may seek parental permission to speak with the physician in order to clarify the student’s medical availability to receive educational services, to gather additional information and to develop a transition plan to return the student to a school setting. Students who do not provide a fully-completed and signed form will not be provided with tutoring.

The Home Hospital Department will review and approve request once in receipt of the state-mandated Physician’s Statement form which must be completed by the attending physician and must include at a minimum the following information:

1. the date the student was admitted to a hospital or confined to home
2. the medical reason for the confinement
3. the expected duration of the confinement
4. the medical needs of the student that should be considered to assist in the planning the home or hospital educational services

The program begins as soon as the physician requests Home and Hospital Instruction on the Physician’s Statement form and the district approves the services. Once the Home and Hospital Department receives the completed Physician’s Statement, the parent or guardian will be contacted to coordinate the services and an instructor will be assigned to provide educational services.

**Home Schooling**

Parents/guardians who choose to educate their children at home, as allowed under Massachusetts law, can fulfill the requirements of the compulsory attendance statute by having their educational programs reviewed and accepted in advance by the Worcester Public Schools. Students enrolling in homeschool for initial year must attend their assigned school until approval has been received. The notifica-
tions to homeschool (elementary and secondary versions) are available upon re-
quest from the office of the Child Study Department at (508) 799-3175. To avoid miscommunication and to ensure compliance with the home schooling approval law, parents are requested to give this notice in writing. **The Worcester Public Schools shall do whatever is feasible to expedite the approval process.**

Parents are expected to provide evidence of their child’s home schooling program once a year. Students completing high school through home schooling programs are not eligible for a Worcester Public Schools’ Diploma.

A student being educated through Home Schooling may have access to public school activities of an extra-curricular nature (e.g. sports, clubs) with the approval of the Superintendent or designee.

The district reserves the right to allow enrolled students to have precedence or priority over the home schooled student with regard to placement on sports teams and activities that have limited enrollment. With approval of the Superintendent or designee, and in consultation with the principal, a home schooled student may participate in sports teams and activities that have limited enrollment provided that he or she does not displace an enrolled student. Home schooled students applying to participate in district-sponsored sports must follow the athletic eligibility guidelines described on page 48.

**INSTRUCTIONAL POLICIES**

**Homework Policy**

The School Committee recognizes that a reasonable amount of study and preparation is necessary for the scholastic growth of all students. It is also aware that the amount of preparation should increase as the child progresses through the grades. Teachers will ensure that homework supports the district’s curriculum.

Meaningful homework is connected to district expectations for accelerating academic performance, college readiness and career readiness.

Parents/guardians are important partners. They can support student success when they:

- ensure that students complete homework
- check work to assure quality
- stress importance of systematic study
- supervise and assist when necessary and,
- provide a suitable place to study

**Elementary Schools**

The purpose of homework is to reinforce skills that are taught in the classroom. Homework assignments should be related and/or connected to the Massachusetts Frameworks.

Assignments should be an extension of the class lessons that provide students with opportunities to (1) increase or practice learning objectives, (2) engage in higher order thinking, (3) reinforce concepts and apply learning, (4) work on open-ended questions and writing skills, or (5) project work.

Teachers will adhere to the following guidelines and coordinate their assignments so that students are not overloaded with homework on any particular night.
K-grade 2  Introduction to homework. Students might be asked to finish papers that were started in school or rehearse early reading skills and math skills.

grade 3  Formal homework is introduced at this level. Students are assigned between 15 and 30 minutes of homework on a daily basis.

grade 4  Students are assigned between 45 and 60 minutes of homework on a daily basis.

grades 5-6  Students are assigned between one and one-half hours of homework on a daily basis.

Secondary Schools
Homework assignments will be designed to accelerate student learning, engage students in higher order thinking and facilitate career and college readiness and should be related to the Massachusetts Frameworks in support of success on the MCAS.

Purposeful homework will vary from day to day for each student. The combined minimum daily homework for academic assignments from middle school teachers should be 120 minutes. The average minimum daily homework assignment from the high school teachers should be 45 minutes per academic subject and up to one hour for AP classes.

Teachers are responsible for including homework in their individual lesson plans and providing students with guidelines for:

• linking assignments to learning objectives that reflect and support the Massachusetts Curriculum Frameworks, Worcester Public Schools curricula, School Improvement Plans and Worcester Public Schools benchmarks
• providing learning experiences that are both rigorous and relevant and that can be completed independently by the student
• ensuring that homework is an extension of learning that takes place in the classroom and applying the same standards of performance as applied to classroom work
• assigning homework that is explicit and of reasonable length
• ensuring that the quality of homework is more important than the quantity
• completing and evaluating assignments as part of the students’ progress toward standards
• showing how homework is factored into the student grade and,
• never assigning homework as punitive work
• Ensuring all students can complete the work assigned regardless of home or family access to technology or the media

Principals are responsible for encouraging school communities to embrace homework as a true extension of student learning and to evaluate the utilization of homework as part of student achievement in the learning process.

With the support and encouragement of teachers, principals, parents/guardians, students will be responsible for completing their homework assignments with care and constancy.

Process for Assigning Textbooks
Students and parents/guardians are responsible for books and all other equip-
ment issued to a student of the Worcester Public Schools. All books and equipment shall be returned by the student and in the condition in which they were issued. Reasonable wear on books and materials is anticipated due to students use.

Worcester Public Schools reserves the right to collect payment for lost or damaged textbooks and other equipment from the students and/or their parents/guardians.

**Promotion Policy**

**General**

The principal, after considering recommendations from members of the Student Support Process (SSP), may determine that a child, who is trying but lacks the maturity or has failed to grasp the basic skills, and can gain academically from an additional year at his or her present grade designation, may be retained for one (1) year. Before retaining a student, all elementary principals will meet with the SSP members to consider and discuss the nineteen (19) items of the Light’s Retention Scale (without any numerical rating scores and conference with the student’s parent(s)/guardian(s).

The principal is the final authority in promotion at the building level and for good cause may override the passing of promotional subject requirements. In all such cases, the principal must file a statement with his/her supervisor stating the reasons for such promotions and the steps that will be taken to provide the necessary remediation at the next level.

- History and Social Sciences
Pathway/Enrichment Courses may include:

Academic Literacy, Word Study or Intervention Reading Courses
Academic Numeracy - supplemental math course

Music
Industrial Technology
Computer Literacy
Health/Physical Education
Family/Consumer Science
Other: Dance, Theatre, etc.

For promotion, students must pass English Language Arts and Mathematics, two (2) additional core academic subjects and two (2) enrichment courses each year. Students cannot fail ELA and Mathematics in grade 7 and grade 8 and pass to grade 9.

Academic Dishonesty

Cheating, plagiarism and forgery are considered to be academic dishonesty. For any work containing any information improperly submitted as one’s own, or completed by means of academic dishonesty or deception, including information obtained from the Internet and not properly cited, students will receive appropriate consequences which may include suspension and require that the student redo the assignment for credit. Violation of this policy may result in discipline ranging from a student receiving a failing grade for the assignment to suspension from school.

ATTENDANCE POLICY

Overview:

In accordance to the Massachusetts General Laws, the Worcester Public Schools recognizes and enforces that every child, between the ages of six and sixteen, must attend school. School personnel and parents/guardians must work together to ensure that all students, Pre-Kindergarten through grade 12, attend school every day, and on time, during the 180-day pupil calendar.

School attendance is a priority for the Worcester Public Schools. Students’ academic, social and emotional growth and development depend upon students’ daily attendance, classroom participation and exposure to high quality teaching and learning. The daily interactions among teachers and students are irreplaceable components of the learning experience. In addition, daily attendance and punctuality habits acquired during schooling are essential skills in the adulthood life, and it begins as early as the pre-school years. Students who are chronically absent from school impact their own learning and the school community as a whole. Schools can take the following steps to address absenteeism:

School Attendance

Chapter 76, section 1 of the Massachusetts General Laws states that all children between the ages of six and sixteen must attend school. A school district may excuse up to seven day sessions or fourteen half-day sessions in any period.
of six months. In addition to this law, Worcester has an attendance policy and should make sure that parents/guardians are familiar with it.

CRA—Child Requiring Assistance: M.G.L. Chapter 119 Section 39e

A school can file a CRA application with the Worcester Juvenile Court if the student is a Habitual School Truant or a Habitual School Offender. The following rules must apply:

I. Habitual School Truant: Student between the ages of 6 and 18 who, without excuse, willfully fails to attend school for more than 8 days in a quarter.
   a. School must document whether or not the child’s family have participated in a truancy prevention program.
   b. CRA will be dismissed when the child turns 16.
   c. If the failure to attend school is due to a physical or mental disability rather than a willful failure to attend school, the school should not file a CRA. If the failure to attend is due to a physical or mental disability, the school should convene the student’s Individualized Educational Plan (IEP) for 504 Team to discuss supports and services necessary to facilitate school attendance.

II. Habitual School Offender: Students between the ages of 6 and 18 who repeatedly fails to obey school rules
   a. School must document specific steps taken to improve the child’s conduct.
   b. CRA will be dismissed when the child turns 16.
   c. If the failure to obey school rules is due to a physical or mental disability rather than willful disobedience, the school should not file a CRA. In such cases, the school should convene the student’s Individualized Educational Plan (IEP) or 504 Team to discuss supports and services necessary to facilitate good behavior and consider a Functional Behavioral Assessment (FBA) and Behavior Intervention Plan (BIP) as appropriate. If the student is subject to school discipline, the school should conduct a manifestation of the student’s disability as appropriate.

Failure to Send M.G.L. Chapter 76 Section 2

Parents or guardians are legally responsible for ensuring that a child under their control attends school daily. It is a crime for a responsible parent or guardian not to cause such a child to attend school. If a child fails to attend school for seven day sessions or fourteen half-day sessions within any six month period, the supervisor of attendance may file a criminal complaint in court against the responsible parent/guardian.

M.G.L. Chapter 119 Section 51A

A 51A is a report of suspected child abuse or neglect that is filed with the Department of Children and Families. Under Chapter 119, section 51A of Massachusetts General Laws, a report can be filed on behalf of a child under the age of sixteen for educational neglect if a child is not attending school on a regular basis.
Excused Absences

The following is a list of absences which will not count toward retention or loss of credit:

1. **Religious holy days:** The student’s religion must require that the student does not attend school on the specific holy day or that school attendance would interfere with required religious observances. The parent/guardian must notify the school in writing within two (2) school days before or after the absence.

2. **Death in the immediate family:** Up to five (5) consecutive days for bereavement due to the death of a member of the student’s immediate family: mother, father, sister, and brother. One (1) day to attend the funeral of grandparents, aunts, uncles, cousins, nieces or nephews. The parent/guardian must notify the school in writing within five (5) school days after the absence(s) occurred.

3. **Court appearance:** The student must have been subpoenaed to appear in a court of law. The student must be a witness, plaintiff, or defendant in a court proceeding. Within five (5) school days before or after the required court appearance, the parent/guardian must notify the school in writing and provide documentation from the court.

4. **Hospitalization:** The parent/guardian must submit to the school release papers from the hospital documenting the student’s hospitalization.

5. **Illness:** The parent/guardian must submit to the school medical documentation of the illness that requires the student’s exclusion from school. The principal has the right to require and seek additional medical opinions and diagnosis regarding a student’s absence(s) due to illness.

Students who will be out of school for more than fourteen consecutive days because of illness or hospitalization may receive home or hospital instruction. For more information refer to Home and Hospital Instruction on page 61.

Family vacations taken during school time are absences. Families should plan their vacations during the regularly scheduled vacations. Non-emergency appointments should be scheduled after school hours.

**Student Absence Notification Program**

The District will notify a student’s parent/guardian daily of a student’s absence based on morning attendance via a ConnectEd automated phone call. Beginning with 5 absences, parents/guardians will receive an attendance letter via U.S. Mail with each absence. Each Principal, by whatever title he/she may be known, or designee shall make a reasonable effort to meet with any student, and that student’s parent/guardian, who has missed five (5) or more unexcused school days (a school day shall be equal to two (2) or more class periods in the same day) in a school year. The meeting shall be to develop action steps to improve student attendance and shall be developed jointly by the Principal or designee, the student, and the student’s parent/guardian. The parties may seek input from other relevant school staff and/or officials from relevant public safety, health and human service, housing, and nonprofit agencies.
Dropout Prevention

No student who has not graduated from high school shall be considered permanently removed from school unless the Principal has sent notice to a student, and that student’s parent/guardian, who has been absent from school for ten (10) consecutive days of unexcused absence. The notice shall be sent within five (5) days of the tenth consecutive day of absence and shall offer at least 2 dates and times within the next ten (10) days for an exit interview with the Superintendent or designee, the student, and the student’s parent/guardian. The notice shall be in both English and the primary language of the home, if applicable. The notice shall include contact information for scheduling the exit interview and shall indicate that the parties shall reach an agreement on the date/time of the interview within the ten (10) day timeframe. The timeframe may be extended at the request of the parent/guardian but no extension shall exceed 14 days.

The Superintendent or designee may proceed with any interview without a parent/guardian present.

Tardiness and Dismissal

A student who is not in his/her assigned seat at the start of homeroom or class is tardy.

If a student starts school after half of the academic day has passed, then that student will be marked absent from school for that day. The student may not participate in any school activity (e.g., sports, dances, prom) during the rest of that day.

If a student leaves school before half of the academic day has passed, then that student will be marked absent from school for that day. The student may not participate in any school activity (e.g., sports, dances, prom) during the rest of that day.

Each principal will meet with the parent/guardian and school’s faculty to develop and institute an intervention plan for students who reach 10 tardies and/or dismissals.

Faculty Responsibility

Faculty members will record all absences, tardiness, and dismissals of students from their assigned classes. As students may miss some classes more frequently than others, each faculty member will be responsible for notifying the administration on occasions when notification must be sent to a parent or guardian.

Attendance Notification to Students and their Parents/Guardians

Parents and guardians are notified by phone on a daily basis if their child is absent. After five unexcused absences, the principal (or his/her designee) will notify the parent(s) or guardian(s) in writing and, when appropriate, request a meeting to discuss the student’s attendance. Parents will continue to receive written notification of their child’s attendance at every 5th absence from school.

Parents and guardians will also receive attendance information through:

1. Interim and attendance progress reports (at five weeks into each marking period)
2. Report cards (every ten weeks). The secondary report cards show students’ absences from each class and students’ total absences from school.

Retention and/or Loss of Credit
Fourteen absences or more per school year may result in retention and/or loss of credit.

Absences accumulated due to out-of-school suspensions do not count towards a loss of academic credit. Students who are absent because of out-of-school suspensions must make up missed assignments, including homework and test(s).

The principal can determine that other extenuating circumstances justify absences which do not merit a loss of academic credit.

Truancy
When a student accumulates excessive unexcused absences, the principal (or his/her designee) may seek assistance from the Juvenile Court and/or the Department of Children and Families to resolve attendance matters.

High School Attendance and Academic Credit Policy
1. Attendance required to earn credit
   A student who has enrolled in a class is expected to be present each time the course is in session. For the 2019-2020 school year, high school students will not receive credit when they exceed the following number of absences:
   a. Fourteen (14) unexcused class absences per one-credit course
   b. Seven (7) unexcused class absences for courses less than one credit

2. Administrative Procedure for Loss of Credit
   a. In any case where a student fails to receive credit for any course, the final course grade will still be recorded on that student’s permanent record card.
   b. In the case where no credit is received for a course required for graduation (e.g., American History) and in which a passing grade has been received, it is required that the course be repeated.
   c. A minimum of twenty-four (24) credits is required to graduate.

3. Attendance Buyback Program
   During the 2019-2020 school year, eligible high school students will be able to voluntarily participate in an Attendance Buyback Program. Through this program, students can make up the credit(s) which they lost due to excessive absences. To be eligible for the Attendance Buyback Program, students must have passed a course and must have between 15 and 22 absences. Eligible students who complete additional hours of instruction beyond the school day or on Saturday mornings can then receive full credit for the course. Students will not be able to change their passing grade for their course. Eligible students who are interested in this program, should contact their high school guidance counselor for additional information.
4. Appeal Procedure
   a. The following areas may be considered in the appeal process:
      - Documented illness
      - Mandated school-sponsored activities
      - School-sponsored field trips
      - Alternative Education Programs
      - Home tutoring assigned by the school
   b. Appeals for waiver of the policy will be heard by the Principal or his/her designee.
   c. The parent/guardian may appeal an adverse decision by the Principal or his/her designee to the Managers for Instruction and School Leadership
   d. The parent/guardian may appeal an adverse decision by the Managers for Instruction and School Leadership to the Superintendent
   e. The parent/guardian may appeal an adverse decision by the Superintendent of Schools to the School Committee. Appeals to the School Committee must be submitted in writing to the Superintendent, who will place the parent’s or guardian’s appeal on the School Committee agenda for the next regular meeting. The parent or guardian is to be notified of the date, time and place of the School Committee meeting.

   Note: Confirmed class cuts and confirmed truancy cannot be appealed.

FIELD TRIP POLICY*

The Worcester Public Schools has adopted a Field Trip Policy that is in compliance with the requirements of Chapter 346 of the Acts of 2002, An Act Relative to Safety of School Sponsored Travel. The policy establishes procedures for school sponsored student travel that is planned between the hours of midnight and 6:00 a.m., overnight or foreign trips, and over water or air travel.

A copy of the policy is available through the Office for Instruction and School Leadership.

Cancellation Policy: The Superintendent reserves the right to cancel an approved field trip until the time of departure. In the event of a cancellation, the school system is not responsible for any expenses incurred.

*The Worcester Public Schools does not condone or take responsibility for privately funded trips without authorization of the school principal.

HONOR ROLL POLICY

High School

Honor roll status in the Worcester Public Schools is determined by the individual student’s average in all major subject areas. A major subject is defined as a course that yields a minimum of 1.00 unit of credit.

Eligibility

First Honors is defined as those students who receive grades of 90 or above in all major subjects.
Second Honors is defined as those students who receive grades of 80 or above in all major subjects.
Note: There is no weighting relative to courses of study.

Middle School
Honor roll status in the Worcester Public Schools is determined by the individual student’s average in all major subject areas and enrichments. A major subject is defined as a full year course or the equivalent thereof.

Eligibility
First Honors is defined as those students who receive grades of 90 or above in all major subjects and A’s in conduct and effort in all subjects including enrichments. Second Honors is defined as those students who receive grades of 80 or above in all major subjects and A’s and B’s in conduct and effort in all subjects including enrichments.
Note: There is no weighting relative to courses of study.

STANDARDIZED TESTING
Throughout their education, students will take selected standardized tests. A standardized test is one that is administered under uniform and controlled conditions. This ensures that any difference in scores (pre- and post-results, between students, etc.) reflect differences in knowledge and skills, rather than differences in unrelated factors such as test conditions. These tests are one of many ways educators assess what students know and can do. This can include paper-based or computer-based testing, oral and written tasks, classroom observations and portfolios of student work. These measures are used to monitor progress, refine instructional practices and improve our capacity to ensure that all students reach and exceed grade level expectations and graduate from the Worcester Public Schools career and/or college ready. Students whose parents opt them out of state or district standardized assessments will not be academically penalized or face disciplinary action except as prohibited by the Commonwealth of Massachusetts or by the United States. A description of standardized instruments commonly used in the district can be found at https://worcesterschools.org/wp-content/uploads/handbook/Standardized%20Testing.pdf

For Information on Testing
For questions or concerns related to testing procedures and security or for information on your child’s performance or participation in testing, please contact your child’s principal or teacher. For general questions about assessment or for questions or concerns related to testing procedures and security or for information on your child’s performance or participation in testing in the Worcester Public Schools, please contact the Office of School and Student Performance (508) 799-3592. You may also visit the Worcester Public Schools website for information on testing. HIGH SCHOOL GRADUATION REQUIREMENTS

On February 27, 2018 the Board of Elementary and Secondary Education established an interim passing standard for students in the classes on 2021 and 2022 in the subject areas of English language arts and mathematics. Students in the graduating classes of 2021 and 2022 will need to satisfy one of the following two conditions in both English language arts and mathematics to earn a competency determination.

- meet or exceed the scaled score threshold on the English language arts and mathematics grade 10 MCAS tests administered in 2019 or later that has been determined by the Commissioner to be comparable to the scaled score threshold of 240 on the grade 10 MCAS tests administered before 2019,

or

- meet or exceed the scaled score threshold on the English Language Arts and Mathematics grade 10 MCAS tests administered in 2019 or later that has been determined by the Commissioner to be comparable to the scaled score threshold of 220 on the grade 10 MCAS tests administered before 2019 and fulfill the requirements of an Educational Proficiency Plan.

In order to graduate, all students must:

- Receive a proficient score of 240 or above on both the English Language Arts (ELA) and Mathematics sections of the Grade 10 Massachusetts Comprehensive Assessment System (MCAS) or receive a passing score of 220 on both the ELA and Mathematics sections of the MCAS test and complete an Educational Proficiency Plan (EPP), in accordance with the guidelines set forth by the Massachusetts Department of Elementary and Secondary Education (DESE).
- Receive a passing score of 220 on a science section of the Massachusetts Comprehensive Assessment System in one of the following: Biology, Chemistry, Engineering/Technology or Physics.
- Earn twenty-four (24) credits.
- Worcester Technical High School students must also complete the minimum required credits and required graduation subjects established for them by the School Committee.

To receive a diploma with a specific high school name, a student must meet the Worcester Public Schools graduation requirements which must include a minimum of 10 credits earned from that particular high school. If a student has earned less than 10 credits but meets the Worcester Public Schools graduation requirements, the student will be eligible to receive a generic Worcester Public School Diploma.

2. Students who successfully complete Algebra in grade 8 have the option of receiving one (1) high school credit that will be recorded on their high school transcript. (Massachusetts college admissions accept Grade 8 College Preparatory Courses, provided that the student successfully completes the next level course with a grade of “C” or better). (Massachusetts College admissions accept Grade 8 College Preparatory courses, provided that the student successfully completes the next level course with a grade of “C” or better). Students electing to take the first course of a Foreign Language in high school will not receive credit for the course taken in grade 8.
4. The intent of awarding credits for College Preparatory courses taken in grade 8 is so that students can have additional learning opportunities while in high school. These additional opportunities include but are not limited to Advanced Placement, dual enrollment, online, service learning and work-based learning courses. All students must complete 24 credits of coursework while in high school in addition to fulfilling the other graduation requirements as per the policy handbook.

Students who reach EPL level 6 while in grades 9 or 10 are required to take the two foreign language courses to meet graduation requirements.

b. Students with disabilities whose psycho-educational evaluation provides a specific diagnosis of a learning disability that precludes the student’s successful completion of a foreign language course may substitute two college preparatory elective courses for the two required foreign language courses.

c. Students enrolled in Career/Vocational Technical Programs may substitute foreign language courses for an additional academic elective course plus one of the following options:
   i. complete at least one full year of study of foreign language or
   ii. complete a fourth year of study of science and technology/engineering or
   iii. complete one full year of study for computer science

**MCAS Appeals Process**
The Worcester Public Schools carries out the Massachusetts Department of Elementary and Secondary Education’s appeal processes for regular and special education high school students who have not passed MCAS. The MCAS Performance Appeals process was established in 2002 to provide eligible high school students who have been unable to pass the required MCAS tests an additional opportunity to demonstrate through their course work that they meet or exceed the state’s Competency Determination (CD) standard in order to earn a high school diploma. There are specific eligibility requirements relative to student achievement in English Language Arts, Mathematics and Science and Technology/Engineering, attendance and participation in tutorial and remediation efforts.

Further information on these processes is available through your child’s school or the Office of School and Student Performance (508-799-3060). Information from the Massachusetts Department of Elementary and Secondary Education concerning MCAS appeals can also be found online at http://www.doe.mass.edu/mcasappeals/

**Advanced Placement Policy**

Advanced Placement courses provide students with unique learning experiences that help ensure college success. Students engage in intense discussions, solve problems collaboratively, and learn to write clearly and persuasively, while developing time management skills, discipline and study habits. Students who achieve a score of 3, 4 or 5 on the Advanced Placement Exam may earn college credit from many four-year colleges in the US. Worcester Public Schools offers over 20 Advanced Placement Courses in on-site, community-based or virtual learning settings.

**Recommendations for Advanced Placement Enrollment**

Students who are interested in enrolling in Advanced Placement Courses should discuss readiness for this challenging learning opportunity with their parents, teachers and guidance counselors.

The following indicators should be considered together when assessing a student’s readiness. One indicator is not more valuable than another in determining readiness.

- AP Potential using PSAT results
- Motivation and interest
- Course expectations and course work
- Prior grades in the same-discipline courses
- The number of same-discipline courses taken
Teachers may assign work to students during the summer to help prepare them for the course. Summer course work supports students’ preparation, but it is not required as a component of the student’s grade; teachers may waive this requirement for individual students when necessary.

**Advanced Placement Exams**

Students are responsible for costs for Advanced Placement Exams. The cost for one Advanced Placement Exam is $90.00. Scholarships and reduced fees are available for eligible students. School guidance counselors can provide additional information. Students must take the Advanced Placement Examination in their course in order to receive Advanced Placement credit for the course. Students who do not take the Advanced Placement Examination, but pass the course, shall receive honors credit for the course.

**Class Rank Grade Point Average**

Class rank is computed at the end of the 6th semester, using major subjects only. Class rank will be recomputed at the end of the second marking period senior year for determining the valedictorian and for processing of college applications. The student grades are weighted as follows:

College Courses for High School Students
High school students in the Worcester Public Schools who wish to pursue advanced or specialized courses beyond those offered in their high schools may take courses at these area colleges:

- Anna Maria College
- College of the Holy Cross
- Assumption College
- Quinsigamond Community College
- Becker College
- Worcester Polytechnic Institute*
- Clark University
- Worcester State University

*Worcester Polytechnic Institute offers courses at reduced tuition to high school students.

With a Guidance Counselor’s recommendation and approval by the college/university, students may take one college course per semester as agreed upon by the Worcester Public Schools and the individual college/university. Called Dual Enrollment, students receive high school and free college credit from Assumption College, Becker College, Clark University, and for college-level courses at Quinsigamond Community College and Worcester State University. For GPA computation, Worcester Public Schools students will receive the same weight as an A.P. course for each completed college course.

MA Seal of Biliteracy
The Worcester Public Schools will offer the MA Seal of Biliteracy to graduating seniors on their diplomas and transcripts. The MA Seal of Biliteracy recognizes graduates who speak, listen, read and write proficiently in English and a second or even third language.

By offering the MA Seal of Biliteracy to its students, the Worcester Public Schools recognizes, honors and encourages the bilingual students and diverse communities in Worcester and encourages all students to pursue proficiency in more than one language. Bilingualism is a critical 21st century skill that recipients of the MA Seal of Biliteracy can highlight in both college and job applications.

In order to earn the MA Seal of Biliteracy, students must meet all their graduation requirements, demonstrate proficiency in English by receiving a 240 or above on the ELA MCAS, and show proficiency in a target language by earning 4 or 5 in an AP Language Exam or other state-approved language test provided by the district.
Students interested in participating in the MA Seal of Biliteracy program must complete an application available in the guidance office or scan the QR Code included here by the Fall of their Senior year.

Questions about the MA Seal of Biliteracy program can be directed to Michelle Huaman, World Languages Liaison (huamanm@worcesterschools.net) or Carmen Melendez-Quintero, Director of English Learner Programs (Melendezquinteroc@worcesterschools.net)

GENERAL SCHOOL ISSUES

Delayed School Opening/Early Dismissal/School Cancellation Policy

The School Administration will exercise one of the following options when weather conditions dictate a change in the normal opening of the school day:

1. Cancellation of school
2. Delay of one hour in the opening of school
3. Delay of two hours in the opening of school
4. If a delay is in effect, a.m. preschool will be cancelled; p.m. preschool will be held.

Delayed AM School Opening

If there is a one-hour delay in the opening of school, all procedures now in place will be delayed by one hour. A two-hour delay requires that all procedures in place be delayed by two hours. These procedures include:

1. reporting time of pupils
2. pick up time of all bus routes (i.e.: If a bus normally picks up a child at 7:15 a.m. in a one-hour delay it would be 8:15 a.m. If a bus normally picks up a child at 7:15 a.m., in a two-hour delay it would be 9:15 a.m.)

Early Dismissal

*Please note: When schools are dismissed early all after-school programs including daycare are canceled. Early dismissal time is two hours earlier than each school’s regular dismissal time.
No School/Delayed School Opening/Early Dismissal Announcements

Announcements of no school, a delay in the opening of school, or early dismissal from school will be made on the following radio and television stations:

- WTAG 580 AM
- WORC 1310 AM
- WBZ 1030 AM
- WXLO 104.5 FM
- WRSR 96.1 FM
- WCUW 93.1 FM*
- WHDH-TV Channel 7
- WCVB-TV Channel 5
- WBZ-TV Channel 4

*This announcement is broadcast in Spanish between the hours of 5:00 a.m. and 6:00 a.m. on WCUW FM 93.1.

Radio stations have requested that students and parents/guardians refrain from calling to make inquiries as to the status of school. In addition, information about no school, a delay in the opening of school and early dismissal from school will be posted on the WPS Website and social media, and an automated phone message will be sent to parents/guardians.

Policy Statement and Procedural Guidelines for Recess

Quality education requires a healthy learning environment that provides students (K-6) with minimally a total of 30 minutes of recess over the course of the day. The 30 minutes can be divided into shorter breaks and shall include a break at lunch. Recess is designed for the purpose of engaging students in developmentally appropriate activity which promotes learning, social development, and physical health. Structured/unstructured recess shall rarely be taken away from students as a form of punishment/consequences. Neither shall severe exercise be used as a form of punishment/consequences for students. This time shall not be a substitute for physical education.

The School Principal is responsible for communicating, applying, maintaining, and evaluating the Recess Policy. The School Principal shall review the Recess Policy with the members of the School Site Council annually and submit results of that review to the Deputy Superintendent in May of each year.

Procedural Guidelines

Recess shall occur outside, weather permitting, or unless circumstances dictate otherwise for a limited period. Students shall be supervised by adult staff members, parents, or school learning community volunteers. The school principal shall ensure that adults receive appropriate training to support students and intended outcomes. The school principal shall ensure that students are provided with developmentally appropriate equipment. Public spaces in proximity to the school, such as parks and public playgrounds may be appropriate substitutions for play space at the school.

The School Committee shall equitably support budgetary requirements needed for recess equipment for all elementary schools. This allocation will be in addition to the per pupil allocation provided to each school. Each school principal shall have autonomy to expend allocations to support the needs of students for recess.
PARENTS AND COMMUNITY

Parent Advisory Councils

School Parent Advisory Council

The Massachusetts Education Reform Act of 1993, Section 59C, requires the establishment of school councils in all schools, comprised of parents/guardians of students attending the school who shall be selected by the parents/guardians of students attending the school, teachers, students and community representatives and co-chaired by school principals. The council should be broadly representative of the racial and ethnic diversity of the school building and community. The council will meet with the principal and assist in identifying the educational needs of students, reviewing the annual school budget and in formulating a school improvement plan. For additional information please contact your child’s school principal.

Special Education Parent Advisory Council

The SEPAC provides ongoing professional development and networking to families of students with disabilities and the opportunity to discuss common areas of interest and specific needs regarding the education and well-being of students with disabilities. Parent/guardians meet four times during the school year to engage in various activities or selected topics of interest. These meetings provide opportunities for parents to share and collaborate as they deepen their understanding of the procedural regulations that govern special education, as well as various resources available for students with disabilities and their families.

English Learner Parent Advisory Committee

The English Learner Parent Advisory Committee (EL PAC) was established in 2018-2019. It’s goal is to enable parents of English learners (ELs) to participate in their children’s education and success in school by creating and strengthening effective communication and home-school partnerships. The EL PAC consists of parents, community members, teachers and district staff members. Meetings are a venue for meaningful discussions about Dual Language, Transitional Bilingual Education and English as a Second Language, as well as for asking questions about topics related to education, schools, and the district. Parents of English learners are encouraged to attend the numerous meetings that are held throughout the school year.

Citywide Parent Planning Advisory Council (CPPAC)

Each school is represented by two (2) parent members selected by their parent group and principals. Meetings are held on the second Wednesday of each month. The objectives of the CPPAC are:

1. To involve parents/guardians in addressing relevant issues in the Worcester Public Schools including integration and changing (increasing/decreasing) enrollment.
2. To provide an open forum for discussion between parents/guardians and administrators regarding school issues and voted policies.
3. To give its members the responsibility of keeping their respective schools informed.
Parent and Family Engagement

It is the policy of the Worcester Public Schools to promote parent and family engagement in accord with Title I of the Every Student Succeeds Act (ESSA) of 2015. The WPS conducts outreach to parents and family members; implements programs, activities and procedures to involve parents and family members in the Title I programs, and plans and implements such programs, activities and procedures with meaningful consultation with parents and family members. The Office of English Learners and the WPS works with schools, parents and community partners in a variety of ways to facilitate verbal and written communication in a language that family members can understand.

Opportunities for Parent/Guardian Support

Please see district website or contact your school for information on community resources available to parents.

Volunteer Staff Regulations

Application Process

All school volunteers must fill out a volunteer application which can be obtained at the school or on the WPS website. This applies to any individual who volunteers in school property or for school activities, including field trips. All volunteers must go through a screening process prior to beginning service. This includes the CORI process.

Screening Process

The Commonwealth of Massachusetts has mandated that all school volunteers must complete the CORI (Criminal Offender Record Information) screening process. This process must be completed before the volunteer begins in any school or program. As the CORI check can take several weeks, all volunteers are encouraged to complete the CORI form as soon as possible. Please be aware that CORI checks expire every three years and need to be resubmitted to the Human Resource Office.

Volunteer Organizations

There have been a number of initiatives in the community to strengthen school volunteer programs. Some of these include:

• State Employees Voluntary Leave Services Program
• Retired and Senior Volunteer Program (R.S.V.P.)
• Transitional Assistance Program (Welfare Office)

These types of initiatives are very specific about requirements for participation. Volunteers that are part of these or similar programs need to contact the Volunteer Office to attend an orientation session and obtain additional paperwork before volunteering in any of the schools. The CORI check process is a routine part of their screening process.
Parent Volunteers who bring Children

Some parent/guardian volunteers have come to school to perform a volunteer assignment and have brought young children with them. Each principal is responsible for developing a building policy in conjunction with his/her School Council regarding this issue.

If your building does allow younger children to accompany parent/guardian volunteers, these parents/guardians must perform tasks that are safe and harmless to young children.

These volunteers must not operate machinery such as:
- paper cutters
- duplicating machines

Many parent groups, in the past, have set up Child Care Co-ops within the group for the purpose of allowing parents/guardians to volunteer without having to bring young children with them.

ALL volunteers must sign in at the office. Parent/guardian volunteers must sign in both themselves and any child that accompanies them.

Worcester Public School District Media Policy

Purpose: During the school year, your child may have opportunities to have their work or activities publicized. Examples include, but not limited to: student work published on the district website and social media channels; feature stories about student performances or school-wide events in newspapers or on television (the district’s Charter Channel 191 WEA-TV or local/national coverage); and photographs and videos of students "in action" on the website and social media channels, and in local and regional newspapers. Students first names and last initials (example: Paul F.) are used to identify pictures of three or fewer students and student work on the district website and social media channels. When reporters visit the district, they often speak with students and use their full names in covering the story.

General Media Coverage: Throughout the year there may be in-school programs, events or meetings (such as a school-wide assembly or PTA event) that are open to the public and where large group photographs or videotapes will be taken by parents, the media, or school district staff. In these cases, students would not be identified by name. Your consent to these types of group photographs or videotapes is assumed. If you do not want your child photographed or video-taped at these public events, please speak with the principal or event coordinator to insure that your child is excluded from the coverage.

Procedure: Any parent who does not want their student’s name, photograph, or work published on the district’s website and social media channels, or included in newspaper or television coverage must complete and return the form on the inside back cover of this handbook to the homeroom teacher.
