

Backup 9-37.1

The Administration has had productive and ongoing dialogue with Dr. Charles Steinberg about a variety of ways that WPS can engage with the Worcester Red Sox. Dr. Steinberg provided a video message for staff during the Opening Day Event at the DCU and specifically spoke to the importance of internships to his own career and to his explicit desire to provide internship opportunities to WPS students. We will continue this conversation in more depth as we get closer to the time when the Worcester Red Sox officially arrive.
