To recognize the Worcester Bravehearts as Champions of the Future Collegiate Baseball League and for its community service activities in the Worcester Public Schools and in the community.

It was moved and voice voted to hold the item for the School Committee meeting on Thursday, October 3, 2019.

REPORT OF THE SUPERINTENDENT

5. ROS #9-12 - Administration (September 11, 2019)

OFFICE OF CURRICULUM AND PROFESSIONAL LEARNING

It was moved and voice voted to hold the item for the School Committee meeting on Thursday, October 3, 2019.
6. REPORT OF THE STANDING COMMITTEE

The Standing Committee on Finance and Operations met on Monday, September 16, 2019 at 5:00 p.m. in Room 410 at the Durkin Administration Building.

gb #9-59 - Administration (February 13, 2019)

To review bid specifications for student transportation services and award contract to lowest responsive and responsible bidder for a contract term to begin in June 2020.

STANDING COMMITTEE MEETING

Superintendent Binienda stated that her recommendation was to award the bid to Durham School Services.

Mr. Foley suggested a discussion of the following three issues relative to the choice of vendor for transportation:

A. Pricing and the financial impact upon the district

Mr. Foley stated that it is not an $800,000 reduction in the bid but rather $700,000 as a result of the $100,000 returned to Durham by the Worcester Public Schools for the 2018-19 payment credits taken by the district. He also stated that having the option of a Self-Operated Transportation System is at least some competition.

Mr. Foley stated that the Self-Operated Transportation System would offer a projected savings of 2.1 million in the first year.

B. Service history of the current vendor

Mr. Foley stated that there have been some issues with Durham management over the past several years which include late buses, shortage of buses and bus drivers, non-working cameras, non-functioning block heaters and problems with buses not starting which resulted in communication issues with families.

Superintendent Binienda stated that one of the challenges at present is the bus driver shortage and the number of bus drivers that call in sick.
C. Capacity of the district to self-operate student transportation

Mr. Castango, Regional Manager of Durham, stated that there are issues with drivers calling in sick and the need to hire additional drivers is made more difficult by the change in licensing from the State Police to the Registry.

Mr. Allen stated that the Worcester Public Schools has reached out to Central Mass Work Force Development for the hiring of additional bus drivers and is offering a course in Night Life to help individuals to gain licensure. The goal would be to offer current Durham drivers positions, abiding by collective bargaining and civil service regulations, if the Worcester Public Schools votes in favor of a Self-Operated Transportation System.

Miss McCullough requested that the GPS tracking system be integrated as soon as possible. In addition, she requested the date for the transition to a Self-Operated Transportation System, if it were to be approved.

Superintendent Binienda stated that the date for the proposed Self-Operated Transportation System, if it were to be approved, would be the 2022-23 school year.

Mr. Monfredo stated that he was in favor of renewing the Durham contract.

Miss Biancherla requested the following information to include the costs if the system were to have a Self-Operated Transportation System:

- all types of insurances needed
- the use of gas versus diesel and
- total budgeted amount

Miss Biancherla recommended that the Administration hire an outside consultant to provide a cost analysis for a Self-Operated Transportation System.
The following individuals commented on the bus issues:

Mr. D’Andrea, a parent, stated that it is very frustrating that the buses are always late and he would like to see the Worcester Public Schools run a Self-Operated Transportation System. He further stated that trying to reach anyone at Durham is nearly impossible and would like to see some changes made.

Mrs. Novick stated that the problem is not with the bus drivers but rather with management. She would like to know when the GPS monitoring system will be operational. She further stated that she is in favor of a Self-Operated Transportation System.

Mr. Guardiola, Director of Government Affairs and Public Policy at the Worcester Chamber of Commerce, stated that the members are in favor of a Self-Operated Transportation System.

Mr. Marks, Business Agent for Teamsters Local 170, stated that the comparisons between Durham and the Self-Operated Transportation System are not equal. The Worcester Public Schools needs to include all the cost factors to include cameras running diesel buses, bus drivers calling in sick and more to make the comparison between Durham and the Self-Operated Transportation System. He further stated that some of the issues were due to the fact that Durham would get requests for an extra bus route too late to make the changes.

Ms. O’Connor, a Durham bus driver, stated that the miscommunication and delays go both ways. The buses are overloaded and timing is poorly mapped out for the routes. She further stated that the drivers’ number one concern is safety.

Mr. Bergen, Business Agent for Teamsters Local 170, stated that there are many reasons for delayed buses such as weather, road conditions, traffic, an accident or a route change. He also stated that it is not easy to run a Self-Operated Transportation System and it has to be done correctly. He also emphasized the need to hire an outside consultant with an unbiased opinion to provide a cost analysis for the Self-Operated Transportation System for the Worcester Public Schools.
Superintendent Binienda stated that the Administration is working closely with Durham to resolve any bus issues as quickly as possible. She also stated that the Worcester Public Schools has offered to help out with routes by using its buses, subject to availability. Durham is purchasing 2 more buses and the Worcester Public Schools has also purchased 2 more buses and they are hiring more bus drivers. As far as the system operating its own bus company, the Administration feels that there is still more work that needs to be done to accomplish this goal. She stated that the system cannot get a Self-Operated Transportation System up and running in a half a year or a year. That is the professional opinion of everyone here that has been asked to present today.

Mr. Foley made the following motion:

Request that the School Committee approve the Self-Operated Transportation System, effective the first day of summer school 2020.

On a roll call of 1-1-1 (absent Mr. Comaretto), the motion was defeated.

The chair announced that the item and the committee vote would be reported out to the full School Committee on Thursday, September 19, 2019.

**SCHOOL COMMITTEE MEETING**

The School Committee approved the action of the Standing Committee as amended:

Mr. Foley reported out the actions of the Standing Committee members followed by testimony from the following individuals:

Mrs. Novick, a parent, stated that she is in favor of a Self-Operated Transportation System. She commented on the fact that many other systems were encountering difficulties with Durham School Services. She expressed real concern if the Committee were to vote for Durham.
Mr. Bergen, Business Agent for Teamsters Local 170, emphasized the system's need to hire an outside consultant with an unbiased opinion to provide a cost analysis for a Self-Operated Transportation System for the Worcester Public Schools. He stated that the scheduling of routes by the Worcester Public Schools does not allow ample time to reach destinations and route changes are not provided to Durham by the Worcester Public Schools Transportation Department in a timely manner.

Stephen Schmuck, Vice President, Operations for Durham, apologized for the issues of late buses and is currently working with the Worcester Public Schools to resolve any issues. Durham will hold all employees accountable if they do not meet Durham's standards.

Mr. Corbin, a parent of a special needs student, stated that it is unacceptable for a special needs student to be on a bus for more than 50 minutes.

Miss McCullough made the following motion:

Request that the Administration provide frequent reports, as needed, regarding transportation issues.

On a voice vote, the motion was approved.

Mayor Petty stated that the transportation issues are not acceptable and that one or 2 hour delay for children getting home cannot continue to happen.

Mayor Petty made the following motions:

Request that the Administration provide on the Worcester Public Schools' website all telephone numbers of the transportation offices of both Durham and the Worcester Public Schools.

Request that the Administration provide a report to include:

- the bussing history since 1970 to include who owned them and
- the date that the system went out to bid for school bus transportation
Request that the Administration seek input from a district that is providing a Self-Operated Transportation System.

Request that the Administration provide a report on the pension and disability liabilities for the past 6 years for transportation employees for both the Worcester Public Schools and Durham School Services.

On a voice vote, the motions were approved.

Superintendent Binienda stated that the Worcester Public Schools is currently working on creating the myStop Mobil App to allow for tracking of school buses.

It was moved and voice vote to take the following item out of order:

    gb #9-286 - Mr. Comparetto/Mr. Foley/
         Mr. Monfredo
      (August 28, 2019)

    Student
    Transportation Issues

Request that the Administration provide an update regarding ongoing student transportation issues.

It was moved and voice voted to accept and file the item.

Miss Biancheria made the following motion:

Request that the Administration hire an outside consultant to provide a cost analysis for a Self-Operated Transportation System.

On a voice vote, the motion was approved.

Mr. O'Connell made the following motion:

Request that the Administration contact the Worcester Regional Transit Authority (WRTA) to potentially collaborate to provide transportation for students in Worcester.

On a voice vote, the motion was approved.

The other motions voted at the meeting include the following:
Mr. Foley made the following motion:

Request that the School Committee approve a Self-Operated Transportation System, effective the first day of summer school 2020.

On a roll call of 1-6 (yea Mr. Foley), the motion was defeated.

Miss McCullough made the following motion:

Request that the School Committee approve a 2 year contract for Durham School Services and provide monthly reports on transportation issues and resolutions to them.

On a roll call of 2-5 (yeas Miss McCullough and Mayor Petty), the motion was defeated.

Miss McCullough made the following motion:

Request that the School Committee approve the operation of a Self-Operated Transportation System in 2022-23.

On a roll call of 3-4 (yeas Mr. Foley, Miss McCullough and Mayor Petty), the motion was defeated.

Miss Biancheria made the following motion:

Request that the School Committee approve a 2 year contract to Durham School Services, with an option of a one year extension.

On a roll call of 5-2 (nays Mr. Comparetto and Mr. Foley), the motion was approved.

It was moved to suspend the Rules of the School Committee to reconsider the motion to approve a 2 year contract to Durham School Services, with an option of a one year extension.

On a roll call of 6-1 (nay Mr. O'Connell), it was moved to suspend the Rules of the School Committee.
It was moved to reconsider the motion to approve a 2 year contract to Durham School Services, with an option of a one year extension.

On a roll call of 1-6 (yea Mr. Foley), the motion to reconsider was defeated.

GENERAL BUSINESS
