

# October Newsletter

Mrs. Peters Classroom

## English Language Arts

- In writing we are work on TIDE writing. We continue to work on informational writing.
- In reading we are listening to the realistic fiction “Earthquake Terror”. Students should be continuing to find signposts as they read.
- We will be moving on to “Holes” soon.

## Math

- In math we are working on multiplication using both area model and traditional method. We will move on from that to multiplication with decimals.
- Students should continue to go on Khanacademy every night for 15 minutes. By the following monday 60 minutes should be done for the week. Please contact me if your child is having trouble getting khanacademy done due to technology issues.

## Science

- We are learning about space including how the earth and moon move.
- We will soon move on to the water cycle.

---

## Social Studies

- Students are learning about exploration and colonization.
