**Response**

Summary of 2019-2020 plan approval process:

Total of 158 Approved Home school plans for students (98 families)

96 Approved in fewer than 7 days

26 Approved in 8-14 days

19 Approved in 15-20 days

17 Approved in more than 20 days. All of these were incomplete at the time of submission. Each was missing the required evidence of progress. This was submitted and approval followed.

Note that 10 additional students are now over age 16 and no plan is required.

As of November 6, 2019, only 2 students have not submitted a plan for the current year after having an approved plan for 2018-2019.

The data indicates a marked improvement in processing time for plans from previous years. Parents were invited to an informational session, the website contains information, and responses and communication were provided via email upon request. Future plans will be mailed to parents/guardians and email submission or paper will be accepted as the parent/guardian directs and prefers. Notifications will be sent via mail or electronically as the parent/guardian directs.

Additionally, district staff and the WPS civil rights attorney have communicated with other systems. A recent court ruling supported the WPS standards for evidence. These standards are listed in the plan form and detailed on the WPS website.

When a plan is not approved, the parent is notified via letter what is needed for successful completion. Parents/guardians are encouraged in the letter to reach out with specific questions.

Worcester Public Schools was awarded a three-year planning grant for an Innovation Pathways Program (IPP). The IPP provides an opportunity for high school students to earn career credentials through this program at WTI-IS as an extension of their school day. The IPP classes run from November 5, 2019 - March 12, 2019 on Tuesdays, Wednesdays, and Thursdays from 2:15-5:15 PM. Students arrive daily by 1:30 PM, have guest speakers or free time for study, eat an early dinner, and then attend class. Each class typically runs two of those days and some run additional sessions on Saturdays. The IPP classes offered at WTHS in the afternoon are:

- 1101 - AP Computer Science Principles (additionally has 7 Saturdays to prepare for AP exam) 7693 - IT Essentials
- 7943 - Introduction to Networking 7923 - CNA and Health Skills
- 8353 - Introduction to Health Careers 9623 - Introduction to Civil Engineering
- 7953 - Construction Technology and Specifications 9613 - Introduction to Advanced Manufacturing 7963 - Machine Operations

Additionally, Career and Academic Planning classes are support classes they take at their home high schools to ensure students have what they need for success as well as teaching career skills. The IPP classes that are offered during the regular school day are:

- 9653 - Career and Academic Planning I Part IA
- 9493 - Career and Academic Planning I Part I B
- 9503 - Career and Academic Planning I Part 2A
- 9193 - Career and Academic Planning I Part 28

In November of 2018, Worcester Public Schools embarked on re-establishing a robust Night Life Continuing Education Program in the City. A Director of Night Life was hired to build curriculum and establish courses for this endeavor. These programs provide lifelong learners with opportunities to develop hands-on skills and knowledge for

employment or just the fun of it. The instructors are professionals and work as artisans, business owners, educators and masters of their trade. To date the following offerings are being offered: (a link to a much more interactive and descriptive catalog is: [Worcesternightlife.org](http://Worcesternightlife.org))

The City and Community came together to build a state-of-the-art Career Vocational Technical High School. The administration, faculty, staff, students and community has worked collaboratively since opening the doors in 2006 to provide a world-class education and training for those that enter the doors. Since its inception, it has been desired to extend the hours of operation beyond afternoon dismissal to take advantage of the significant capital investment and rigorous curriculum to train a highly skilled workforce for the area business and industry. With the additions of the programs identified herein and the continuous design and addition of new offerings, this dream is a reality.

**File: JB - EQUAL EDUCATIONAL OPPORTUNITIES**

In recognition of the diversified characteristics and needs of our students and with the keen desire to be responsive to them, the School Committee will make every effort to protect the dignity of the students as individuals. It also will offer careful consideration and sympathetic understanding of their personal feelings, particularly with reference to their race, color, sex, gender identity, religion, national origin, sexual orientation, homeless status, physical and intellectual differences, pregnancy or pregnancy related condition.

To accomplish this, the Committee and its staff will make every effort to comply with the letter and the spirit of the Massachusetts equal educational opportunities law which prohibits discrimination in public school admissions and programs.

This will mean that every student will be given equal opportunity in school admission, admissions to courses, course content, support services, and extracurricular and athletic activities.

All implementing provisions issued by the Board of Elementary and Secondary Education in compliance with this law will be followed.

**File: JFABD - HOMELESS STUDENTS: ENROLLMENT RIGHTS AND SERVICES**

As required by law, the district will work with homeless children and youth and unaccompanied youth 1 (collectively, "homeless students") as well as their families or legal guardians to provide stability in school attendance and other services. Special attention will be given to ensuring the enrollment and attendance of homeless students not currently attending school. Homeless students will be provided district services for which they are eligible, including Head Start and comparable pre-school programs, Title I, similar state programs, special education, bilingual education, vocational and technical education programs, gifted and talented programs, school nutrition programs, summer programming and extracurricular activities.

Homeless students are defined as lacking a fixed, regular and adequate nighttime residence, including:

1. Sharing the housing of other persons due to loss of housing, economic hardship, or similar reason;
2. Living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations;
3. Living in emergency or transitional shelters;
4. Being abandoned in hospitals;
5. Living in public or private places not designed for or ordinarily used as regular sleeping accommodations for human beings;
6. Living in cars, parks, public spaces, abandoned buildings, substandard housing, transportation stations or similar settings; and
7. Migratory children living in conditions described in the previous examples.

**Students Remaining in Schools of Origin**

It is presumed to be in the best interest of homeless students to remain in their schools of origin, i.e. the school that the student was attending at the time he or she became homeless, or the last school the student attended prior to becoming homeless. Homeless students may continue to attend their school of origin for as long as they remain homeless or until the end of the academic year in which they obtain permanent housing. For homeless students who complete the final grade level served by the school of origin, the term "school of origin" shall also include the receiving school in the same school district educating students at the next grade level.

Homeless students are entitled to transportation comparable to that provided for all other students attending school in the district. The district will transport students who are sheltered or temporarily residing within the district to the students' school of origin. For homeless students attending a school of origin located outside the district in which the student is sheltered or temporarily residing, the district in which the school of origin is located will coordinate with the district in which the student is sheltered or temporarily residing to provide the transportation services necessary for the student, and these districts will divide the cost equally. Formerly homeless students who find permanent housing mid-school year will continue to receive transportation services until the end of the school year.

### **Students Enrolling in District Where Sheltered or Temporarily Residing**

Parents or guardians may elect to enroll homeless students in the school district in which the student is sheltered or temporarily residing, rather than having the student remain in the school of origin. Enrollment changes for homeless students should take place immediately.

If homeless students are unable to provide written proof of their shelter or temporary residence in the district, the homeless liaison will work with the family seeking enrollment to determine homelessness. Information regarding a homeless student's living arrangement shall be considered a student education record, and not directory information. Records containing information about the homeless student's living arrangement may not be disclosed without the consent of the parent or satisfaction of another student-privacy related exemption.

If the student does not have immediate access to immunization records, the student shall be permitted to enroll under a personal exception. Students and families should be encouraged to obtain current immunization records or immunizations as soon as possible, and the district liaison is directed to assist. Emergency contact information is required at the time of enrollment consistent with district policies, including compliance with the state's address confidentiality program when necessary. After enrollment, the district will immediately request available records from the student's previous school.

Attendance rights by living in attendance areas, other student assignment policies, or intra and inter-district choice options are available to homeless families on the same terms as families who reside in the district. Accordingly, the district will provide transportation services to school in a manner comparable to the transportation provided for all other students in the district.

### **Dispute Resolution**

If the district disagrees with a parent or guardian's decision to keep a student enrolled in the school of origin and considers enrollment in the district where the student is sheltered or temporarily residing to be in the student's best interest, the district will explain to the parent, in writing and in a language the parent can understand, 2 the rationale for its determination and provide parent with written notice of their rights to appeal the district's determination to the Massachusetts Department of Elementary and Secondary Education 3. During the pendency of any such appeal, the student should remain enrolled in the school selected by the parent or guardian, receiving transportation to school and access to other available services and programs.

The Massachusetts Department of Elementary and Secondary Education's Advisory on Homeless Education Assistance contains additional information about educating homeless students and the appeal process. This advisory is available at the following link: <http://www.doe.mass.edu/mv/haa/mckinney-vento.docx>

### **Homeless Liaison**

The Superintendent shall designate an appropriate staff person to be the district's liaison for homeless students and their families. The district's liaison for homeless students and their families shall coordinate with local social service agencies that provide services to homeless children and youths and their families; other school districts on issues of transportation and records transfers; and state and local housing agencies responsible for comprehensive housing affordability strategies. This coordination includes providing public notice of the educational rights of homeless students in locations such as schools, family shelters and soup kitchens. The district's liaison will also review and recommend amendments to district policies that may act as barriers to the enrollment of homeless students. The liaison shall ensure district staff receive professional development and other support on issues involving homeless students.

**File: JFABE - EDUCATIONAL OPPORTUNITIES FOR MILITARY CHILDREN**

To facilitate the placement, enrollment, graduation, data collection, and provision of special services for students transferring into or out of the District because of their parents or guardians being on active duty in the U.S. Armed Services, the District supports and will implement its responsibilities as outlined in the Interstate Compact on Educational Opportunity for Military Children. The district believes it is appropriate to remove barriers to educational success imposed on children of military families resulting from frequent moves required by parents' or guardians' military deployment.

**Definitions**

**Children of military families:** School aged children, enrolled in kindergarten through 12th grade, in the household of an active duty member of the uniformed service of the United States, including members of the National Guard and Reserve serving on active duty.

**Deployment:** The period one month before the service members' departure from their home station on military orders through six months after return to their home station.

**Education(al) records:** Official records, files, and data directly related to a student and maintained by the school including, but not limited to, records encompassing all the material kept in the student's cumulative folder.

Eligible students are children of military families as well as the children of veterans who have been severely injured and medically discharged, and children of active duty personnel who died on active duty. Children of retired active duty personnel are also eligible to receive services for one year following the discharge due to severe injury, or the retirement or death of an active military parent. The Compact does not apply to children of inactive Guard or Reserves, veterans and retired personnel not included above, or U.S. Department of Defense personnel and other federal civil service employees and contract employees.

The District's responsibilities to eligible students include the following:

- Sending schools must send either official or unofficial records with the moving students and District receiving schools must use those records for immediate enrollment and educational placement.
- Upon enrollment of an eligible student, the receiving school must request official records and the sending schools shall respond within 10 days with the records.
- Immunization requirements of the District may be met within 30 days from the date of enrollment (or be in progress).
- Receiving schools must initially honor placement of students in all courses from the sending school. These include, but are not limited to, Honors, International Baccalaureate, Advanced Placement, vocational-technical, and career pathway courses if those courses are offered in the receiving school and space is available. The receiving schools must also initially honor placement of like programs to those of the student in the sending state, including, but not limited to, Gifted and Talented programs, and English as a Second Language programs. Receiving schools are not precluded from performing subsequent evaluation to ensure the appropriate placement and continued enrollment of the student in courses and programs.

- In compliance with federal law, the district will assume financial and programmatic responsibility for the special education programs of students with existing IEPs drafted in other states.
- As appropriate, the District will exercise the right to waive prerequisites for all courses and programs, while also maintaining its right to re-evaluate the student to ensure continued enrollment, also as deemed appropriate.
- Students of active duty personnel shall have additional excused absences, as necessary, for visitations relative to leave or deployment.
- An eligible student living with a noncustodial parent or other person standing in loco parentis shall be permitted to continue to attend the school in which he or she was enrolled while living with the custodial parent or guardian, without any tuition fee imposed.
- The District high school will accept exit or end-of-year exams required from the sending state, national norm-referenced tests, or alternate testing instead of testing requirements for graduation in the District (receiving state.) If this is not possible, the alternative provision of the Interstate Compact shall be followed to facilitate the on-time graduation of the student in accordance with Compact provisions.

**File: JFABF - EDUCATIONAL OPPORTUNITIES FOR CHILDREN IN FOSTER CARE**

The purpose of this policy is to ensure the educational stability of students in foster care. Educational stability has a lasting impact on students' academic achievement and wellbeing, and the School Committee is committed to supporting all efforts to ensure that students in foster care have equal access to high-quality, stable educational experiences from preschool (if offered) through high school graduation.

Irrespective of the location of a foster care placement, students in foster care will continue to attend their school of origin, unless after a collaborative decision-making process, it is determined to be in the student's best interest to enroll in and attend school in the district in which the student resides in foster care. Enrollment of students in the district where they reside in foster care will take place immediately upon such a determination.

The district has designated a point of contact for students in foster care. The district and the point of contact will collaborate with DCF to ensure that students can access transportation and the other services to which they may be entitled.

**Best Interest Determination**

Decisions about whether a student in foster care should continue to attend the school of origin should be made collaboratively by DCF, the student (as appropriate), the student's family and/or foster family (or, if different, the person authorized to make educational decisions on behalf of the student), the school and district of origin, and (when appropriate) the local district where the student is placed. Best interest determinations should focus on the needs of each individual student and account for unique factors about the student and his or her foster care placement. Every effort should be made to reach agreement regarding the appropriate school placement of a student in foster care; however, DCF will finalize the best interest determination if the relevant parties cannot agree on the best school for the student to attend.

The district can seek review of DCF's decision by utilizing a Foster Care School Selection Dispute Resolution Process established by DESE and DCF. Decisions made through this process are not subject to review. To the extent feasible and appropriate, the district will ensure that a child remains in his or her school of origin while the disputes are being resolved to minimize disruptions and reduce the number of moves between schools.

**Transportation**

The district of origin must collaborate with DCF on how transportation will be arranged and provided to ensure that students in foster care who need transportation to remain in their school of origin will receive such transportation while they are in foster care.

Transportation options may include using Title I funds, establishing regional collaborations among districts, coordinating with existing routes for transportation, seeking help from foster parent(s), etc. Absent other agreements between the district and DCF, the district of origin is responsible for providing transportation to and from the school of origin.

### **Immediate Enrollment**

If it is in the best interest of a student in foster care to leave the school of origin, the student must be immediately enrolled in the district in which he or she resides in foster care. During enrollment of students in foster care, DCF representatives will present the district with a form indicating that the student is in foster care, along with a state-agency identification badge.

If the student does not have immediate access to immunization records, the student shall be permitted to enroll under a personal exception. Students and families should be encouraged to obtain current immunization records or immunizations as soon as possible, and the district liaison is directed to assist. Emergency contact information is required at the time of enrollment consistent with district policies, including compliance with the state's address confidentiality program when necessary. After enrollment, the district will immediately request available records from the student's previous school.

Attendance rights by living in attendance areas, other student assignment policies, or intra and inter-district choice options are available to homeless families on the same terms as families who reside in the district. Accordingly, the district will provide transportation services to school in a manner comparable to the transportation provided for all other students in the district.

<u>gb #8-337</u>	Mr. O'Connell Miss Biancheria Mr. Monfredo Miss McCullough	<b>ITEM</b> To permit staff members to utilize laptop computers in school for instructional purposes as appropriate for software compatibility or instructional efficacy.	Professional staff have been given chromebooks, laptops, or desktops to perform their daily job responsibilities. The new devices have been in place for 10 months. There has been extensive professional development on the adoption of the new platforms and many teachers have found comparable programs on the chromebooks. In addition, there are trained and identified teacher leaders in each school that are assisting with the professional development of staff.  Staff can join the Staff WiFi using their WPS credentials, but if staff choose to use a personal device for work purposes, student information should not be stored on it.

<u>gb #8-340</u>	Miss Biancheria Mr. Monfredo Mr. O'Connell Miss McCullough	<p><b>ITEM</b></p> <p>Request that the Administration provide a list of the Chapter 74 programs that have active Articulation Agreements and a list of apprenticeships available to students through organizations, unions and colleges.</p>	<p>WTHS enjoys a collaborative and mutually beneficial relationships with many of the local labor unions. These relationships provide great opportunities for students matriculating in the related trades. Upon graduation and successful completion of their training in the trade, students earn hours towards their apprenticeship training providing them a leg up (i.e. higher wages, less training, cost savings in hour attainment towards next level, etc.). The partnerships with labor unions are:</p> <ul style="list-style-type: none"> <li>• Plumbers &amp; Pipefitters Local 4 - Students from either the Plumbing or Welding Technical Programs that successfully complete their education at WTHS earn enough hours to start as a second year apprentice if accepted into the Plumbers &amp; Pipefitters apprenticeship program.</li> <li>• Carpenters Local 207 - Students from the Carpentry Technical Program that successfully complete their education at WTHS earn enough hours to start as a second year apprentice if accepted into the Carpenters apprenticeship program.</li> <li>• Painters and Allied Trades Local New England - Students from the Painting Design and Decorating Technical Program success fully completing their education at WTHS earn up to a half-year towards their apprenticeship if accepted into the Painters and Allied Trades apprenticeship program.</li> <li>• Ironworkers Local 426 - Students from the Welding Fabrication Technical Program that successfully complete their education at WTHS earn enough hours to start as a second year apprentice if accepted into the ironworkers apprenticeship program.</li> <li>• New England Laborers Training Trust Fund in partnership with the MassDOT provides a Pre-Apprenticeship and Vocational School Training Program. This is a registered Pre-Apprenticeship Program where graduates receive 30 hours of credit towards the first year's class work requirement if accepted into the Laborers' Apprenticeship Program. Outstanding program graduates are eligible for a four week paid co-op with a highway construction or maintenance company or organization. Graduates are eligible for support services including notification of employment opportunities, resume review and interview preparation. Lastly, graduates are eligible to apply for Commercial Driver's Licenses Class B (CDL-B) training school scholarships.</li> <li>• Our Electrical Technical Program continues to work with IBEW Local 96 to develop a similar agreement whereas students successfully completing their education at WT HS would start as a second year apprentice if accepted into their program.</li> </ul>
<u>gb #9-343</u>	Miss Biancheria Mr. Monfredo	<p>Response of the Administration to the request to provide a report on the collaboration between the unions and the Worcester Public Schools in the formulation and execution of various articulation agreements that lead to the awarding of certificates to the students at Worcester Technical High School.</p>

gb #9-220	Miss Biancheria Miss McCullough Mr. Monfredo Mr. O'Connell	<b>ITEM</b> Request that the Administration review the Drug Task Force and include plans for the coming school year.	The Superintendent's Drug Task Force for school year 2019-20 will hold its first meeting in January.  As part of the mission of the Task Force, a Drug/Health Educator will be hired for the district in December under the supervision of the Director of School Safety. The role of the position will be to provide prevention and education services to students throughout the school system, in addition direct counseling to those students needing support for drug issues affecting their personal lives.
gb #9-248	Mr. O'Connell	<b>MOTION</b> If the Administration chooses to submit a comment that it should also be forwarded to the School Committee.	SNAP Program Design Branch, Program Development Division Food and Nutrition Service 3101 Park Center Drive U.S. Department of Agriculture Alexandria, VA 22302  The revision of Categorical Eligibility in the SNAP program will not only result in nutritional instability for households impacted, it will also compromise and eliminate free access to other nutritional safety nets for children such as the School Meal Programs during their most vulnerable phases of physical/emotional growth and learning. As an urban school district that acknowledges the negative impact hunger and food insecurity can have on the academic processes, potential, and consequent outcomes, we respectfully ask that you reconsider/withdrawal the proposed eligibility revisions targeting working families with household earnings above minimum wage but still not enough to cover both cost of living expenses <i>and</i> food.

<u>gb #9-294</u>	Miss McCullough Miss Biancheria Mr. Foley Mr. Monfredo Mr. O'Connell	<b>ITEM</b> Request that the Administration prepare a plan by January 2020 that will provide a link on the website and a connection to the landing page in order to provide access to student/families to the calendar of events in all schools as well as to the teachers e-mail.	All teachers emails have been on the website since it was relaunched.  The district's website has a districtwide calendar as well as calendars for each school. The schools can either update the calendars on their own or send changes to the online media specialist. We plan on making these calendars more accessible through a mobile app we plan to launch this school year. With the app, users will be able to subscribe to district and school calendars.
<u>gb #9-298</u>	Mr. Monfredo Miss Biancheria Mr. O'Connell	<b>ITEM</b> Request that the Administration consider involving students in the Stand for Children's four week program challenge on teaching kindness.	This item was responded to on October 10, 2019 with Item gb #8-282.  The middle school Kindness Challenge is hosted through Stand for Children. It is a free, online tool focused on improving school climate by fostering social and emotional development grades 4-8. (See: <a href="https://www.aasa.org/middleschoolkindness.aspx">https://www.aasa.org/middleschoolkindness.aspx</a> ) The information was shared in the secondary school leadership newsletter, "Leading to a Higher Level" on October 11 as a resource for middle school administrators as the District continues its focus on developing welcoming schools.
<u>gb #9-342</u>	Miss Biancheria	<b>MOTION</b> Request that the Administration forward the information that was provided at the meeting regarding sex trafficking to staff members and to the Citywide Parent Planning Advisory Council (CPPAC) for a presentation to parents.	The Superintendent meets regularly with CPPAC and will bring forward the information. Staff members are regularly updated.  Office of Social Emotional Learning administration staff meet bimonthly with local partners to update information. The Manager of SEL participates in phone conferences with the DA in situations involving WPS students. The Manager of SEL also attends quarterly meetings of regional partners. SEL staff have met with LIFT (Living in Freedom Together) director for training on trafficking signs and interventions.
