Greetings Fourth Grade Families!

As we enter our fifth week of remote learning, we want to thank you for all the care and support you are giving your child as we ALL learn and navigate together, but apart! We couldn’t do it without you!

Need help? Check out the Caregivers Academy! It is loaded with valuable resources.

Caregivers Academy

Coming soon! WPS plans on re-launching the Parent Portal. You will be able to access relevant District information regarding testing.

Chromebook Tip of the month: Can’t hear? Leave Meet and come back. For some mysterious reason, this usually works!

Shout out to...Eric Kumi and Jinane Mouhib for their tech assistance!

In math we have been adding and subtracting multi-digit numbers using regrouping. Later this week we will begin to multiply multi-digit factors by single digit factors to get a product. We will eventually be multiplying two two-digit factors to get multi-digit products.

In Science we will continue to study slow changes to Earth’s surface such as, weathering, erosion, and deposition. We will also start to study fast changes to Earth’s surface that usually occur during natural disasters such as but not limited to severe storms, earthquakes, and volcanoes!

In ELA we just started the first quadrant of our read aloud, Shiloh. Within the next few weeks, students will be writing a Retell Summary and including it in a friendly letter they are sending to an adult that is important to them. Though this project is a bit more of an undertaking to pull off "remotely", it is one of my favorites, as past students have found it so rewarding! That being said, I’m willing to do what it takes for the students to get this experience. I appreciate any support you can give to help them get the addresses they will need.

In Social Studies we are exploring Climate Change and seeing what it is doing to a place near and dear to many people...Cape Cod! After reading an article and viewing pictures and images, we will be writing Haiku to express our “before and after” thoughts.

*IMPORTANT!*
Please use this link to acknowledge that you have received and read this year’s student handbook
2020-2021 WPS Student Handbook

Thank you!

*Remember we start taking attendance at 9:05 am and 3 more times throughout the day...Please make every effort to help your child be back online on time after breaks!

*Morning break ends at 10:45am
*Lunch break ends at 12:45pm
*Attendance is also taken at 2:15pm

Fri Oct 9  NO SCHOOL
*Professional Development
*Materials Pick Up
Mon Oct 12  NO SCHOOL
*Columbus Day
Wed Oct 14
WESTSCO Meeting 6pm
Wed Oct 28
Wacky Wednesday: wear your Halloween Costume after 1pm
