

## Student Health Records Online

Worcester Public School Families,

The Worcester Public Schools is excited to announce that the Nursing Department has launched a new HEALTH PORTAL. The Health Portal will allow you to submit health information and view your child's health records online. In order to set up your account, please input the primary caregiver contact information for your child by clicking the Health Portal Enrollment Tab on the WPS website, [worcesterschools.org](http://worcesterschools.org). This will initiate your access to this password protected secure website. You will need your child's student ID# to log in.

**Health Portal Enrollment :** <https://worcesterschools.org/health-portal-enrollment/>

The Health Portal will make it easier for you to submit health information virtually and view your student's health records at any time.

**The SNAP Health Portal will give you the ability to:**

- View your student's immunization and health records online
- Upload medical documents directly to your child's health record (including doctor's notes, medication orders, physical exams, vaccine records, etc.)
- Communicate directly with your school nurse
- Receive reminders, updates, and announcements
- Receive referral letters directly from the nurse
- Select which OTC (over the counter) medications you permit your child to receive in school

### **IMPORTANT- PLEASE READ !!**

Before you can receive your invitation to log in to the portal, it is essential that you **click on the link below to designate who will have access to your child's confidential health information.**

**STEP 1.** Input Information on this LINK: <https://worcesterschools.org/health-portal-enrollment/>

**STEP 2.** Once you have completed Step 1 , an invite from the SNAP Health Portal will be emailed to you from [noreply@studentehr.com](mailto:noreply@studentehr.com)

***This is a password protected secure website that will be accessible 24 hours a day.***

If you have any questions, please contact your child's school nurse. He/she will be happy to answer any questions you may have.

In good health,  
Dr. Debra McGovern  
Director of Nursing and School Health Services  
Worcester Public Schools
